Best Cosmetic Dentist Near Me in San Diego Offers Free Consultation

February 08, 2022

February 08, 2022 -
The Art of Dentistry, a dental practice that aims to provide the ?best cosmetic dentist near me? for people in San Diego, CA, and neighboring areas has revealed that they are offering a free consultation at their office in San Diego. Their team of nationally recognized cosmetic dentists, who have post-doctoral training in cosmetic and restorative dentistry, will then endeavor to provide a customized solution for each patient. They will guide each patient through their 7-step smile makeover process, checking for bite symmetry, gum health, tooth shape, alignment, and more.

Merri Turner, a spokesperson for The Art of Dentistry, says, ?Whether your goals include replacing missing teeth, brightening your smile or correcting procedures done by another professional, we are here to help you improve your look and confidence. Our distinguished team of specialists are highly qualified and accredited in the field of cosmetic and general dentistry and welcome you to explore your makeover options.?

For cosmetic dentistry, they offer: porcelain veneers, smile design, porcelain crowns, bonding, Invisalign, and teeth whitening. They offer natural looking dental crowns and bridges that provide the patients with a smile that allow them to look more confident and more approachable. Porcelain dental crowns are essentially a cap

that is placed over a damaged tooth. These can be used to restore teeth with various conditions, such as: excessive wear; large fillings; broken cusps; cracked teeth; root canals; and dental implants.

Meanwhile, Invisalign is a modern alternative to traditional braces. Invisalign® is a medical-grade plastic that is virtually invisible due to its thin and clear nature. These aligners are actually ?invisible braces? that are computer-generated to ensure that they are tailor-fitted to the specific patient. This advanced technology will slowly and comfortably move the teeth into the desired positions. Invisalign offers several advantages, including: being removable; virtually invisible trays; easy to clean; and ease of eating normally. In contrast, traditional braces are: not removable; visible; cause difficulty in eating; and cause lengthy and difficult cleaning process.

The Art of Dentistry also offers permanent dental implants. The benefits of these dental implants include: retention of natural appearance; natural-looking teeth; retention of natural smile; the fact that they are permanent; natural-feeling; easy care; durability; promotion of healthy bone; and being able to live confidently.

Founded in 1971, The Art of Dentistry is made up of master clinicians when it comes to dentistry. Just like other artists, each of them specializes in certain aspects of dentistry and each has his own unique talents. In order to completely benefit from their knowledge and talents, they have created a team of leading specialists who work collaboratively with the goal of providing comprehensive care for patients that results in an beautiful smile. At The Art of Dentistry, they offer: the latest innovations in technology; dentists with targeted skill sets; individualized care; custom treatment plans; comprehensive restorative dentistry; exceptional hygiene department; and general dentistry.

Dr. Lawrence Addleson is a well-known aesthetic general dentist with several years of special experience and training in cosmetic dentistry. At The Art of Dentistry, Dr. Addleson specializes in cosmetic, restorative, and reconstructive dentistry. He graduated from the University of Southern California School of Dentistry and is highly motivated in providing a natural appearing and beautiful smile design and makeovers that have made him well respected by dentists from various parts of the world.

Dr. David Landau is a popular dentist in San Diego who specializes in reconstructive, restorative, and cosmetic dentistry. He is meticulous in the details of the care that he provides and is also concerned with the overall needs of his patients. He graduated cum laude from the University of the Pacific in 1982. Later on, he completed his training at the University of the Pacific School of Dentistry in 1985.

Those who are interested in learning more about the cosmetic dentistry services in San Diego and

surrounding areas can check out the The Art of Dentistry website, or contact them on the telephone or through email. They are open from 7:00 am to 3:00 pm, from Monday to Friday.
