completed, movers need to be contacted and scheduled, there is clean up that needs to be done, you need to plan for your new home, keep the landscaping taken care of, and all the while you have to go out of your way to show your current home. Selling your home to us relieves all of this stress for you.?

They specialize in houses that have been neglected, abandoned, inherited, rented, gone through a divorce, pending foreclosure, has mold or fire damage, and various other kinds of situations. They are ready to buy single-family houses, townhouses, multifamily units, condos, and mobile homes with land. By selling their property to Zit Buys Homes, homeowners can avoid the usual stressful issues that come with selling a home, such as banks requiring the home to be in great shape when providing financing; out-of-pocket expenses for the repair of the roof, foundation, mold, electrical system, plumbing, and others; foreclosure of the property; the hassle of evicting problem tenants; tax liens on the home; and more.

There are a number of factors that separate them from other companies offering the same services. These include the fact that they are a locally operated and family-owned company; their more than 30 years of experience in the local real estate market; no need to repair and clean up the home, providing savings of time and money, and avoiding the hassle of hiring a contractor; no need to waste time and money looking for a real estate agent who can be trusted; no need to wait for months to complete the sale; no need to handle the paperwork because they will take care of all the paperwork; no need to pay fees, closing costs, and no need to pay commissions because there would be no need to list the home; and the fact that the property owner can just walk away from any problems with the property, such as a difficult tenant.
