February 07, 2022 - PRESSADVANTAGE -

NYC based 5 Stars Movers would like to offer their help to local residents who need assistance with getting their belongings from their old home to their new home. The company provides labor-only moving services, such as loading and unloading of a pre-rented rental truck, and also helps with storage containers and moving storage units within a storage facility. They are also pleased to help homeowners who are renovating their houses by assisting them with moving furniture around the house. Commercial companies can similarly trust the company to provide extra manpower during all kinds of events.

“We provide a wide range of NYC moving services, from loading and packing to rearranging, and much more,” the company says. “Call today to learn more details about our moving labor services or arrange a free relocation estimate with our service representatives in NY. All price quotes and estimates are absolutely free. Our company would like to offer the best service achievable, and that starts with a crystal clear and straightforward quote. We will do our very best based on the information given to us by clients and get the job done. We love to help load or unload for any customer who needs our moving helpers’ services. When you need help to load your moving truck, you can always rely on 5 Stars Movers. We are a family owned-and-operated company, and this means we understand how important it is to do things right. We focus on safety, quality of work and timely delivery.”

Moving is a lot easier with 5 Stars Movers, and in a few simple steps homeowners can get their things to where they need to be very quickly. The first step is to rent a moving truck that will carry their belongings. Any truck rental company can provide the kind of truck that is needed for this type of transport. Once the truck has been rented, homeowners can then contact 5 Stars Movers to help with loading and unloading, packing, unpacking and more. The company’s helpers are highly trained and experienced, and they can ensure that every item reaches its destination safely. On moving day, 5 Stars Movers constantly monitors their phones and the corporate office always gets in contact with their client 24 hours before the move, on the day of the move and after the move is finished to ensure that everything goes smoothly.

The company is well known among New Yorkers, having helped countless people move their things, both to new locations and within a particular space. Sofas, refrigerators and other heavy items are difficult if not

downright dangerous to move, but the company makes it so the owners need not worry about the dangers associated with lifting extremely heavy items. They can also help eliminate the risk of damage to such items.

A number of happy customers have left reviews of the moving company on the Google platform. Maggie B. says in their review, "5 Stars Movers proved to be one of the most reliable moving companies I've ever met. They care about our satisfaction and always go above and beyond to meet my requirements. They were a major support during my move. I couldn't believe how quickly they managed to load and deliver my items. They are hard-working guys who went above and beyond to meet all my requests. They arrived on time in the morning and got to work immediately. Everything was completed within the promised time frame. Each team member was customer-oriented. Thumbs up!"

Dixie G. also says, "5 Stars Movers has been outstanding in the way they have handled our move. Nothing was too much trouble. The moving guys were cheerful, polite and extremely hard working all day. I had no problems with them at all. The timing, packing and unpacking were precise, and this was a clinical finish. We would strongly recommend 5 Stars Movers to anyone who wants a great moving service."
