Woodinville, WA ? Whether an individual is a hot or cold beverage drinker, they have surely encountered the frustrating issue of having a cup of hot coffee cool rapidly or watching all the ice melt in their water by mid-morning because their drinkware is not insulated properly. As a provider of personalized gifts, Northwest Trophy and Awards, is highlighting their durable, well-insulated, and low-cost Tahoe Tumblers collection, customizable to fit any customer?s needs.

The Tahoe Tumblers have double-wall vacuum insulation and are available in ten different colors: silver, black, light blue, royal blue, navy, red, purple, light purple, pink, and orange. Each tumbler has a premium slider lid, has a durable powder-coated finish, comes individually boxed, and can be purchased in one of three different sizes: 16-ounce, 20-ounce, and 30-ounce. The 20-ounce and 30-ounce tumblers have narrower bottoms to fit most standard cup holders. Completely customizable, the tumblers can be laser engraved with anything from names, job titles, graphics, company logos, and even personal mottos. It is also important to note that as the number of tumblers purchased at a time increases, the price per tumbler will

decrease.

In the late 1950s, Northwest Trophy and Awards was purchased by the current owners? grandfather. His business philosophy of ?hard work and giving customers the best of your product, time, and talent? has lived on, and today, they still do business based on those principles. The personnel at Northwest Trophy and Awards strive to provide top-quality products at the best prices, including corporate awards, custom acrylic awards, business promotional items, medals, custom drinkware, and more.
