Las Vegas, Nevada based home goods manufacturer FruX Home and Yard is pleased to share a recent positive review they received for their FruX Cheese Board and Knife Set. The company creates a variety of indoor and outdoor lighting products, kitchen accessories, oven mitts and other products.

The Amazon.com cheese board 5 Star review by Lisa V. reads, "This is a beautiful charcuterie board with a slide out drawer holding 4 high quality cheese knives. I ordered the small size, but it is plenty big enough for a large gathering. I cannot wait to use this beautiful cheese board."

Lisa V. is hardly the only satisfied customer, however. The product has a stellar 4.8 out of 5 Star rating from over 1,200 reviews. Anthony D. praises the cheese board in their review, "I had wanted a charcuterie board and knife set for a while but hesitated because I have storage issues in my kitchen. When I saw this board, I jumped at the chance to have built in storage and established cracker grooves! At first, I was a little taken aback by the smaller surface area with the grooves built in but they work like a charm to keep the board organized and appetizing. As with any online purchase with moving parts, I was nervous to see how the drawer and carved in storage would function, but the entire piece is very well built. The knives are also great

quality. The board is a bit heavy, as is to be expected with a high quality wood piece. Very happy with the purchase and would make an excellent gift to any household.?

In another review, Kristin P. says that the cheese board is perfect for entertaining, going on to add that, ?I love that the accessories are stored right within the base of the board. It is sturdy, smooth and beautiful. The accessories are also of high quality and work great. Just had a nice gathering and made a beautiful array of goodies. Board is a great size and fits a lot of food on it ? I really like the inlay for crackers, olives, etc. Great product!?

FruX Home and Yard designed the cheese board to serve as the perfect all-in-one charcuterie board set. The cheese board and knife set features a hidden slide-out tray for cutlery, making storage a snap (and always keeping the cheese board set together when not in use). It also comes with a quality set of cheese board accessories. Included in every set are four beautiful stainless steel cheese knives; the fork, almond, chisel, and narrow plane are specially crafted for slicing various cheeses from hard to soft.

The premium cheese board and cutlery set is made from eco-friendly, sustainably grown, 100% natural Bamboo. The charcuterie board is stain and odor-resistant, allowing owners to serve as much delicious meat and cheese as they want without fear of permanent damage. It is also very generously sized (13.3" x 13.3" x 1.4") with a surrounding carved well for crackers, fruits and nuts, making it ideal to serve a large crowd.

Mike MacDonald from FruX Home and Yard says, ?If you love to partake in a good cheese and meat board, you cannot go wrong with our FruX Cheese Board and Knife Set. If you are buying it for yourself, you will have no need for another charcuterie board at all. If you are buying it as a gift for a loved one, it will make an equally stunning gift. These luxury cheese boards will make an incredible impression whether it?s a housewarming, bridal shower, engagement, wedding, anniversary, retirement, birthday, Christmas or Valentine's present!?
