FruX Home and Yard, a company based in Las Vegas, NV, is proud to announce that their quality cheese board and knife set has earned another five star review on Amazon. This particular item has an overall rating of 4.8 out of five stars on Amazon. This cheese board can be used as a charcuterie platter with a slide out tray containing a knife set suitable for various kinds of cheese. It can be used as a meat and cheese board or it can be used for serving appetizers, including sushi, mini desserts, and sliders.

In Mary R's 5 star review on Amazon, she said, "I bought this as a gift for a friend. I opened it and looked at it and I had to keep it for myself. It's the perfect size, it's so pretty, I love that it has the hidden drawer with the cutlery. And the price was great!"

The knife set has four kinds of cutlery that have specific places inside the slide out tray. These are the cheese fork, chisel knife, almond knife, and narrow plane knife. The cheese fork is designed to be used for hard and crumbly cheeses. The chisel knife is suitable for those firm or crumbly cheeses, including Aged Cheddar, Parmesan, Emmentaler, Gouda, Manchego, Parmigiano-Reggiano, and Asiago. The almond knife is to be used for hard or semi-hard cheeses, such as Grana Padano, Cheddar, Goya, Greve, and Pecorino.

And finally, the narrow plane knife is suitable for semi firm and soft cheeses, such as Mozzarella, Brie, Camembert, Blue, Goat, Ricotta, and Cream Feta.

The slide out tray is well hidden when not in use but it can be pulled out completely for easy cleaning. Because the drawer is hidden when not in use, it makes this charcuterie board look neat and suitable for families who love to entertain guests. This cheese board measures 13.3 inches by 13.3 inches, which means it is big enough to hold various kinds of cheese, appetizers, crackers, meat, and more. It has been provided with a carved well around its perimeter and this can be used for crackers, nuts, and fruits. It may also be used as a gift for various kinds of occasions, including a retirement party, an engagement, a bridal shower, an anniversary celebration, a Valentines celebration, housewarming party, a Christmas party, a birthday party, or a wedding reception.

This particular cheese board and knife set has a number of features that it stand out among similar products in the market. These include: the use of bamboo material, which is BPA-free; provision of a removable slide out drawer to offer a surprise display; edged rim for placing bread and crackers; assurance that there are no chemicals, color, or odors to spoil the cheese and other foods on the tray; innovative hidden drawer containing the knife set for various kinds of cheese; bamboo color and grain finish that are suitable for the kitchen or dining room; and a Frux Home and Yard warranty.

The Frux cheese board and knife set is made from natural bamboo that is eco-friendly and has been sustainably grown. The bamboo material also ensures that it is resistant to odors and stains, which makes it suitable for serving cheese and meat. It has been beautifully crafted, making it an attractive cheese board that will likely impress guests for any special occasion.
