

Frux Cheese Board and Knife Set Gets 5-Star Review On Amazon

February 04, 2022

February 04, 2022 - PRESSADVANTAGE -

Frux Home and Yard's Cheese Board and Knife Set, which is currently on sale on Amazon, has received a 5-star review from a verified purchaser on its Amazon store page.

The Amazon customer's review that was posted on January 24, 2021, says, ?This is a great piece. Looks and functions like a way more expensive board. I love it. Functional and beautiful. I would tell you if you're thinking about one, stop. Just buy it already.?

A spokesperson for the company responded to the 5-star review by saying, ?We are always thrilled to hear our customers? feedback on our products. We are glad that the reviewer has acknowledged the subtle balance between form and function that we have managed to achieve with the charcuterie board. We paid special attention to making sure that the product has a high-end look and feel that mimics the more expensive products in its category. Through extensive design iterations, we managed to pack as much functionality as possible into a package that will be right at home in even the most luxurious kitchens on the planet. The functionality has been thoroughly tested and we guarantee that you will have nothing but a pleasant experience with the product since day one. The product will be the center of attention for your many

get-togethers and parties. Your friends and family will undoubtedly appreciate and praise the cheese board and knife set that we have so lovingly crafted. So if you are on the fence about purchasing it, heed the advice from the review and order it immediately.?

The cheese-board-and-knife set features a hidden slide-out tray for cutlery. The slide-out tray can always be slid back into the cheeseboard to ensure the product is in one piece while it is being stored and ready to use when the user needs it the next time. The drawer pulls out seamlessly to allow the user to easily clean it, separate from the main body of the board. The drawer moves smoothly in its groove and won't fall out unless pulled out completely for removal. The charcuterie board itself has a non-slip grip to protect the tables and countertops that it is placed on.

The drawer has inset sections for storing the 4 included stainless steel knives - the fork, the almond, the chisel, and the narrow plane. Each of these knives is suited for making short work of particular types of cheeses covering the entire gamut from soft cheeses to hard cheeses. Depending on the kind of cheese and other charcuterie items on the menu, the user can always select the best knife for the job from the selection on offer.

The chisel knife is good for use on crumbly and firm cheeses such as Parmesan, Emmentaler, Aged Cheddar, Asiago, Manchego, Gouda, and Parmigiano-Reggiano. The cheese fork is a good choice for use with hard and crumbly cheeses such as Stilton or Feta. The narrow plane serves well for semi-firm and soft cheeses such as Brie, Camembert, Mozzarella, Cream Feta, Goat, Blue, and Ricotta. Finally, the almond knife is good for use with hard and semi-hard cheeses such as Cheddar, Goya, Grana Padano, Greve, and Pecorino.

This charcuterie platter is generously sized. It is 13.3 inches long, 13.3 inches wide, and 1.4 inches high. The board has a surrounding carved well that is a perfect place for storing crackers, fruits, and nuts. The premium cheese-board-and-cutlery set is made from eco-friendly, sustainably grown, 100% natural BPA-free bamboo. The charcuterie board is stain and odor-resistant, enabling the buyer to serve delicious meat and cheese boards every time with no hint of odor from the items that were previously served on it.

The charcuterie board set comes with a ton of accessories specifically designed to make sure that the buyer's entire experience of using the board is enriching and memorable. Along with the main charcuterie board, the package also contains 2 bowls, 6 appetizer forks, 4 cheese knives, 6 bonus slate cheese labels, and a marker set.
