NC based Green Gables is pleased to bring a new luxury vacation rental property to their community?s attention. The property is situated in Swannanoa, NC, about 13 miles equidistant to both Asheville and Black Mountain, NC. Learn more here: Green Gables - NC Luxury Vacation Rental.

The property in question is a 3,400 sq ft cabin that can accommodate up to 13 guests (with 5 bedrooms, 8 beds and 4 baths), and it is perfect for those who wish to get away from a busy life to spend their weekend or even an extended trip surrounded by the mountains. As many will quickly see from the site?s pictures on Airbnb and VRBO, the cabin was designed to offer the best of modern amenities while staying true to the area?s natural, rustic and weathered ambiance. Guests will also have the pleasure of enjoying the entire cabin to themselves (the property also supports self check-in and free parking). A dedicated workspace and fast Wifi further mean that the cabin can make for an excellent ?workation? site for those who need to check in with their business every now and then.

While guests are free to cook their own meals in the fully functional kitchen, they may also wish to go camping or hiking in the surrounding wilderness. The cabin?s position between Asheville and Black Mountain means that guests are never too far away from either, and this means a short drive is all they need to find themselves among some of the area?s finest dining establishments as well as a diverse collection of arts, crafts and music. A little bit of exploring may also bring them to specialty shops, breweries and other hidden gems that may not necessarily receive much attention online. Their relative lack of a digital presence, however, may hide an adventure and fond memories for those who are simply willing to look.

Reviews for the new luxury 5BR Asheville vacation rental are already extremely positive, with many guests reporting a desire to come back both online and off. One AirBnB review shares that, ?This stay was short, but very sweet! My friends and I were trying to get away from work and this was the perfect escape! My group spent a ton of time lounging on the patios on each floor and enjoying the astonishing view of the forest and sky. We had a ton of fun at the fire pit and hot tub once the sun went down each day and had a ton of space to play games, yet had some time to lounge individually when we needed it. Overall, an amazing stay, and I plan to be heading back in the summer for another trip!?

Similarly, another guest expresses that they would like to come back each year to take in everything the cabin and its surroundings have to offer time and time again. ?This was an amazing experience!? the review says. ?We have found our Annual Destination Vacation Spot! I'm not sure I can wait that long. Everything was perfect, and we even received an unexpected welcome gift from the owners. The Home was immaculate and fully stocked. So many amenities and so much fun for us. If you get a chance, you have got to check this place out! More than worth the cost.?
