

Bokeelia Tree Care Company Gerard's Tree Service Receives 5 Star Review On Google

February 08, 2022

ST JAMES CITY, FL - February 08, 2022 - PRESSADVANTAGE -

Gerard's Tree Service, a professional tree care company offering its services in Lee County, Florida, has received a new 5-star review on its Google My Business page. The company which has been operational for more than 25 years in the region, now has a perfect 5-star rating on the platform, which is indicative of the excellent quality that it has been providing to its customers over the years.

The recent highlighted review of Gerard's Tree Service says, "They did a great job trimming and pruning our trees. I will recommend Gerard's Tree Service to all of my Pine Island neighbors any time they need tree work done. Thanks, guys."

When asked about their reaction to the 5-star review on Google, a spokesperson for the company responded by saying, "We are thrilled to have received this glowing recommendation from the customer. This signals to us that our great work is being recognized and being appreciated by the community that we are so wholeheartedly trying to serve. We did a trimming and pruning job at the customer's house, one of our most

often requested services. We have been serving the residents of Pine Island for almost 3 decades and we are intimately familiar with the local flora. Our staff is extremely experienced since they have sharpened their tree-trimming skills over thousands of hours such that they can now do practically any tree trimming or removal job that you throw at them, perfectly, the first time, with no mistakes. Average rates for tree trimming in Florida hover around \$450. However, this will vary depending on the type of tree being trimmed, its height as well as its overall size. You can get a more accurate figure for how much it would cost by getting in touch with us for your free estimate for tree trimming. We would once again like to thank the reviewer for taking the time out of their busy day to leave the testimonial and we are even more grateful for their gesture to recommend our services to their friends and neighbors. We promise that you won't have a better tree trimming and removal experience in all of Lee County, Florida.?

Gerard's Tree Service provides a range of arborist tree care services such as certified mangrove trimming, tree trimming, tree pruning, tree shaping, tree thinning, zero-impact tree removal, palm tree care, storm damage prevention & repair, storm cleanup, stump grinding & removal, root pruning, wildfire mitigation, and emergency tree removal. The company provides its services in several locations in Lee County, Florida, including Bokeelia, Matlacha, Pine Island, Pine Island Center, Pineland, and St James City.

The company is a licensed, insured, and certified arborist that serves both residential and commercial clients. The company's expertise lies in mangrove trimming, a skill in which they are certified by the Florida Department of Environmental Protection. The owner Gerard Cicoria is an ISA (International Society of Arboriculture) certified arborist and has been listed in the government body's registry of professional mangrove trimmers. Mangroves are native to Florida and play a vital role in preserving the core aspects of its biologically diverse ecosystem. This has led to the state government placing strict regulations on mangrove trimming and removal and it requires those who are planning on having mangroves on their property trimmed to only rely on the services offered by a certified professional mangrove trimmer.

Gerard Cicoria has over 25 years of experience working on all types of trees. He is an experienced professional climber and he specializes in hard-to-reach trees and hazardous tree removal situations. His business partner Ben has over 30 years of experience in native tree trimming and shaping. Ben is also a highly skilled equipment operator, specializing in exotic tree removal whose experience and equipment skills, the company says, are valuable assets during storm cleanup.

The Bokeelia tree service company can be contacted at the phone number (239) 633-3976 from Monday to Saturday between the hours of 8 AM to 5 PM. The company can also be contacted at the email address gerardstree@gmail.com.
