November 05, 2015 - PRESSADVANTAGE -

Last weekend, Doggone Best Products, a California based company, volunteered for the Race for the Rescues. This event is a cause that is dear to the company's heart, and they participated in it to raise awareness and funds for animal adoptions. It is described on the Race for Rescues site as follows: "Because animals do not have a voice, four million cats and dogs - about one every eight seconds - are put down in U.S. shelters each year. Race For The Rescues believes that by uniting animal lovers and animal welfare organizations to work together we can change those heartbreaking statistics and make our world a kinder place.?"

To show their support for this cause, Doggone Best Products arrived early at the function at 5am, unloading supplies for vendors and assisted in the set-up of the show. The team was given the honor to work the start line for both the 5 and 10K races. Then, they cheered all the participants of the race through the finish line.

Hosted at the historic Rose Bowl, the Race for the Rescues event was a fun-filled day that consisted of over

50 vendors, celebrity guests, country line dancing, pets of all shapes and sizes, and to top it off even a pet adoption runway show! The race saw hundreds of individuals, all gathering together for the same cause, to participate in a 5K, a 10K, a Kid's Fun Run and a 1K Dog Walk. This event is the only timed sporting event in Southern California that directly supports animals in need.
