Westside Dental Ranked Top 10 Dentist In Plantation, FL

November 06, 2015

November 06, 2015 - PRESSADVANTAGE -

Plantation, FL-based practice, Westside Dental Center, has been chosen as one of the top 10 dentists in Plantation by RATEMDs. The site ranks dentists based on reviews and ratings left by consumers who have used practice services in the past. This includes personal comments and a star value, which is then combined to create a listing of the best medical professionals in a certain area.

Of all the Plantation dental offices, Westside has ranked high in regards to customer interaction, quality services, and a clean and friendly atmosphere. The team has been clear in their gratitude for this ranking, and are excited to continue working with current patients, and meet new patients which the RATEMDs site brings in.

The clinic offers a number of services, including general dentistry, cosmetic dentistry, dental implants, teeth whitening, and botox and cosmetic fillers. It is operated by Dr. Uttma Dham and Dr. Sawan Kyle Malik. Both dentists have a wealth of experience and knowledge in the field of dentistry and work to create the unique and professional environment which is mentioned in so many patient testimonials. One such satisfied client expressed: "I have been a patient of Dr. Uttma Dham for over 3 years. I find Dr. Dham very patient and

capable, and most importantly, she listens to me, my problems and concerns and acts upon them. I will be pleased to drive from Coral Springs to Plantation just to continue being under her care. I strongly recommend Dr. Uttma Dham as a capable, qualified, sensitive and reliable dentist."

The RATEMDs page shows more testimonials and reviews for this dentist in Plantation FL as well as others, providing consumers with the ability to choose their dental practitioner based on real experiences. The clinic encourages potential new patients to check the site for themselves, and for current patients to leave their own feedback so that others can get a clear idea of the practice. This type of written review also provides dentists at the clinic with information on their current services and customer relations, so that they can continue to strive for improvement in the field.
