

Classic Ambiance Releases Unique Kitchen Accessories For The Holidays

November 11, 2015

November 11, 2015 - PRESSADVANTAGE -

Classic Ambiance, a Chicago, IL based company, has released a unique kitchen tools gift set for the upcoming holiday season. Classic Ambiance creates enjoyable and memorable kitchen experiences offering contemporary premium products for the home. The company has stated this kitchen tools gift set is appropriate for the cook on your shopping list, newlyweds, housewarmings, Mother's Day, and for a variety of other gift giving events. It includes a set of premium salad tongs, a balloon whisk, e-book with dinner recipes and bonus reports. Both kitchen tools are made of stainless steel, carefully constructed for extra strength and control, making them easy to clean, long lasting, and rust free.

The new kitchen tools gift set is practical and is delivered inside of a white gift box, for easy wrapping or none at all. The company is offering a special holiday promotion for the kitchen tools which allows shoppers to receive a bonus set of four stainless steel measuring spoons and an e-book with over 900 dessert recipes. To take advantage of the promotion the shopper has to add both the kitchen tools gift set and the measuring spoons to their shopping cart and enter a code "BEANBAGS" at checkout. The stainless steel measuring spoons are engraved with the most common measurements, a silver ring attachment, along with a lifetime guarantee. This promotion is for a limited time only while supplies last.

The kitchen tools gift set can be better seen through the company's YouTube channel at <https://www.youtube.com/watch?v=AdFjrShSfPE>, where they have created a video to show the consumer public how the box and contents look and work in the kitchen. It provides a more in depth idea of what these tools can do, and ways in which they can be gifted to friends and family members over the holiday season. The company describes the tools as follows: "These top quality professional kitchen utensils and kitchen tools are a must for every home. Stainless steel whisk, balloon whisk, wire whisk, milk and egg beater, ideal for stirring, mixing, beating, and blending a wide variety of food items. Stainless steel kitchen tongs are perfect for gripping hot or cold items. Handy to use as salad tongs due to the comfortable grip. This item has limited quantities so be sure to order an extra set."

For additional information on pricing, package dimensions, shipping options, and more, Classic Ambiance directs consumers to visit their retail channel at <http://www.amazon.com/shops/ClassicAmbiance>. The one stop checkout process is designed to give shoppers a hassle free retail experience, and the abundance of information on the page provides plenty of additional details on the kitchen tools gift set, e-book, and all of their products for the home. For specific information on the kitchen tools gift set visit their retail channel at <http://www.amazon.com/dp/B013XV1PQK>. This page also provides access to customer reviews and ratings left by other consumers who have purchased and use the tools in the gift box.
