

Charlotte Electrician Supports Homeowners And Local Businesses With Quality Electrical Services

March 11, 2022

Charlotte, North Carolina - March 11, 2022 -

Charlotte, NC based LiveWire Electrical would like to offer their expert assistance to local those who are in need of a reliable electrician. Whether a client's needs are residential, commercial or industrial, LiveWire Electrical has the tools and expertise needed to ensure that they provide the very best services. The company draws from over 20 years of experience and puts the safety of their clients at the forefront of everything they do. LiveWire Electrical is locally owned-and-operated, meaning clients can be sure they are dealing with a company that has their best interests at the heart of everything they do.

Over the past two decades, LiveWire Electrical contractors have built a reputation for integrity and going the extra mile. As one of the most highly regarded Charlotte electricians, the company has the resources to help with everything from rewiring fixtures to installing electric panels ? whatever the client's needs, LiveWire can meet them. They have become the go-to electrician for reliable, quality electrical services. Every one of the company's electricians is highly skilled and has the knowledge and tools needed to justify the company's rates, which are also very affordable for the quality of work they produce. Their prices are low and transparent, their team is well trained and committed to excellence. Furthermore the company understands that convenience is a treasured aspect of customer service. As a result, all will find that their team is very

easy to reach.

“Our licensed and trained electricians will make sure your electrical systems are working properly and are up to code. We prioritize quality work and safety so you can rest easy knowing the electrical work was done right,” says Bobby Lynn, the owner of LiveWire.

LiveWire Electrical proudly serves a number of areas. They are fully accredited, licensed and insured, meaning their customers can always be sure they are in good hands. Anything from installing circuit breakers in industrial centers to domestic or residential electrical work and commercial electrical work is within the company’s realm of expertise. Their focus is on delivering great customer service and earning the trust and respect of their clients. A lot of their business comes from word of mouth referrals and repeat business.

The Charlotte electric company is often called in for small projects like a faulty outlet or the installation of a ceiling fan, but they have the tools and expertise needed to work on considerably larger projects as well. What separates LiveWire from other electricians in the Charlotte NC area is the fact that the LiveWire team is passionate about the work they do. They provide great service at a very affordable rate while also ensuring their clients are satisfied. The LiveWire team always gets the job done on time and safely. A number of happy clients have left excellent reviews online. Arthur P. says in a 5-Star review on the Google platform, “Bob left another job he was on to help us get up and running so we could get back to work. He also troubleshooted the problem and was absolutely correct about it being a Duke energy issue. He fixed the issues on our property that Duke caused, and if we have any future electrical issues we will call Bob because of his professionalism and knowledge of electrical systems and pathways.”

Benjamin C. also says in their top-rated review, “Great customer service! Entered a request for service/estimate Monday morning, with desire for work to be completed that day. Bobby called mid-morning and provided an estimate and indicated he could mostly like swing by in the afternoon. He called back after his morning appt was completed and let me know he was on his way. Work was performed quickly, and price was in line with estimate. Thanks, Bobby!”

There are many more rave reviews of the company on Yelp, and these can be found at the following link: [Electrician in Charlotte - Yelp](#). Get in touch with LiveWire for more information on their electric contractor services and for swift quotes. LiveWire is the number one electric contractor in the area, and their reputation is well earned.
