

Xpress Exterior Design: Baltimore Roofing Company Announces Launch of Updated Financing Program

February 24, 2022

February 24, 2022 -
Baltimore, Maryland based Xpress Exterior Design is pleased to announce the launch of their updated financing program. This update will give customers more flexibility in choosing the services they want. Xpress Exterior Design has established itself as one of the top rated roofing companies serving the residents and businesses of Maryland, Delaware and Pennsylvania.

Xpress Exterior Design says, ?The pandemic is running wild all over the nation, and almost everyone has been impacted in some capacity. This means that many in turn are facing economic difficulties. Unfortunately, a roofing leak does not care about someone's financial situation, so when a storm blows through knocking off roofing shingles or causing water to leak through the roof into someone?s home, it can be quite problematic. A roof repair or roof replacement rarely comes at an ideal time. This means that a lot of people can be blindsided. This is why we have our updated financing program in place.?

Xpress Exterior Design is proud to announce that they are now able to offer a simple, fast financing option for Baltimore homeowners. Qualifying homeowners can get their roofs financed for 0% with 0 payments for 24 months. Homeowners that need a new roof can reliably look to Xpress Exterior Design for financing help in

order to spread the cost of their new roof over a longer period of time. The company?s financing options allow homeowners to enjoy the benefits of a leak-free roof, increasing the beauty and curb appeal of their home, while not having to pay for it all upfront.

The services provided by Xpress Exterior Design: Baltimore Roofing Company have earned them a lot of praise from their clients, securing them a perfect 5/5 Star rating on the Google platform. Gersi H. says in their review, ?I had a great experience with Xpress Exterior Design: Baltimore Roofing Company. Logan was my main point of contact. He explained the entire process from materials to be used, how the roof would be replaced and how the crew would work. He was responsive any time I had a question. I'd recommend them to friends and family ? A+!?

In another review, Dave M. writes, ?We just had new gutters and siding replaced on our home. We previously had Xpress Exterior Design install a new roof on our home too! Each time, their crew has done a fantastic job. Logan and his team were professional and prompt, and the work was done above our high expectations! The front office staff, project manager and crew were easy to work with. After they finished both times, they reviewed their work and left my property nice and clean! We've used them twice now, which is a testament to their high quality! I'd gladly recommend this Baltimore roofing company for anyone in need of work!?

Xpress Exterior Design was born from a need in the Baltimore metro for a trusted, reliable and dependable roofing contractor. With over 50 years of combined experience in roofing and home improvement, Tinos and Melissa Marketis wanted to set out to become a household name the residents of Baltimore could trust. The company stands behind quality workmanship and educating all of their customers. Xpress Exterior Design is a top-rated exterior remodeling contractor and has over 50 years of combined experience in roofing, windows, siding and gutters. The company uses Owen Corning's Total Protection Roofing System, which is made up of all the essential Owens Corning roofing components and layers that are designed to help increase a roof's performance and durability.

The company says, ?We believe that your project is not fully finished until you are fully satisfied. If you are working with us to have a new roof installed or your current roof maintained or repaired, we promise you that we will do our utmost to ensure that everything is done to your satisfaction.?
