

# Accident Attorney Firm Opens New Office in Greeley CO

*April 12, 2022*

Aurora, Colorado - April 12, 2022 - PRESSADVANTAGE -

Franklin D. Azar & Associates, P.C., is happy to announce the opening of their new location in Greeley, Colorado. The firm, which has offices in Colorado Springs, Aurora, Pueblo, Thornton, and Denver, has also recently opened a new office in Fort Collins. Franklin D. Azar, the founder of the law firm, is well-known for being one of the leading plaintiff's lawyers in Colorado. He is most popular for offering his legal expertise to personal injury victims but he is also actively involved in cases across the United States involving companies in product liability, insurance bad faith, wage and hour violations, and a number of mass torts involving medical devices and pharmaceutical drugs.

A representative for Franklin D. Azar & Associates says, "With our new location in Greeley, we will be able to serve our clients in this city and neighboring areas more effectively. If you have been the victim of an accident in Greeley, don't hesitate to contact us. Our dedicated team of personal injury attorneys are available 24/7 to provide legal assistance. You may be legally entitled to compensation for losses, expenses, and injuries."

Practice areas for Franklin D. Azar & Associates include car accidents, motorcycle accidents, big truck accidents, rideshare accidents, and pedestrian and non-licensed vehicle accidents. Victims of car accidents may receive compensation for expenses, injuries, and losses. Common causes of car accidents include: driving under the influence, weather conditions, distracted driving, failure to comply with traffic laws, driving at unsafe speeds, and reckless behavior.

For motorcycle accidents, the firm has a dedicated team of motorcycle accident attorneys. This kind of accident has a much greater risk of injury. Compared to those riding other vehicles during an accident, motorcyclists have a higher risk of being critically injured or even killed.

Meanwhile, big truck accidents also have a higher risk of causing serious injuries, and even death. These

trucks are not just huge compared to cars, but they also carry heavy loads, which means they have the potential to cause significant physical and financial harm.

Rideshare services may also be involved in accidents and the personal injury lawyers at Franklin D. Azar & Associates are experienced and knowledgeable regarding the various issues and regulations governing ridesharing. It is important to note that ridesharing companies also have experienced legal teams defending their rights.

Franklin D. Azar & Associates also has a team of pedestrian accident lawyers who are knowledgeable and experienced regarding the various factors that are involved in pedestrian accidents, such as distracted drivers and carelessness. It is expected that the pedestrian will suffer a more serious injury and it may even be fatal when there is a collision between a car and a pedestrian. Unfortunately, determining who is liable for the accident is not always as clear cut as many people imagine it would be.

Some drivers may think that because a traffic signal is in their favor, they can go ahead and drive, even if there are pedestrians trying to cross the street at that particular time. However, Colorado law requires drivers to yield to pedestrians in crosswalks, regardless of what the traffic signal is, or whether there are indications of the crosswalk or not. Due to the potentially serious effects of a collision between a pedestrian and a vehicle, drivers are required to always be careful around pedestrians and do everything they can to avoid a collision.

Founded in 1987, Franklin D. Azar & Associates, P.C. has been focused on providing assistance to personal injury victims. They are currently the biggest personal injury law firm in Colorado, but they have also been involved significantly in representing people in various class action lawsuits. These have included victims of pharmaceutical and drug related injuries and defective and dangerous products, as well as employees who were not given full payment for their work. Currently, the firm has already represented thousands of people entitled to compensation for injuries in different kinds of accidents.

People who are interested in the services of Greeley personal injury attorneys can visit the Franklin D. Azar & Associates, P.C. website, or contact them through the telephone or via email. They can be contacted 24 hours a day, every day of the week.
