

Baltimore Roof Replacement Contractor Garners Another Highly Positive Review

March 07, 2022

BALTIMORE, MD - March 07, 2022 -

McHenry Roofing, a roofing contractor based in Baltimore, MD, is proud to announce that they have received another highly positive review from a satisfied customer. The customer was impressed with the reasonable price quoted and the workmanship the crew had shown in replacing the roof of the home. The contractor has earned the reputation of being a leading roofing company in Baltimore, serving the roofing needs of both Baltimore and the neighboring Maryland region. They can handle both flat and pitch roof installations and provide free consultations.

In the above-mentioned review, Tracey G. gave them five stars and said, ?I finally had my roof replaced after 15 years of neglect. I put it off for so long because I hate dealing with those pushy door-to-door salesmen. The only way I found out about McHenry Roofing was from a friend. I checked them out and called them up to schedule an appointment for a free estimate on my roof. They had one of the best prices compared to other roofers I talked to, so I went ahead and gave them a try. The project manager was very helpful and informative over the phone. He explained what it would take to replace my roof and sent me a detailed estimate later that day after he had a chance to look at my house for himself. The price was very reasonable especially since I received a warranty. The crew came out the next day to remove my old roof, but during the

tear off they found some problems that would have created leaks in the future if I had not fixed them, so it ended up saving me money in the long run. They did a great job installing my new roof and cleaned everything up before they left. I'm very happy with the results.?

McHenry Roofing offers same day estimates because of the urgency of having roof leaks fixed. And they can assure customers about the quality of the materials and the installation. There are a number of factors that make McHenry Roofing stand out among the other roofing companies in Baltimore and neighboring areas. These include the: free consultations; in-house roofing crews; next-day estimates; on-site project management; top quality roofing materials; in-house roofing crews; locally owned and operated company; prompt and reliable service; and best warranties in the industry. More details can be read about at https://sites.google.com/site/mchenryroofingbaltimore/roofing-services/baltimore-roof-replacement.

McHenry Roofing can handle various kinds of roofing needs, including other related services. These include: flat roofing, commercial roofing; pitched roofing; gutters and downspouts; metal roofing; soffit and fascia repair; skylights and sun tunnels; home insurance coverage; gutter guards; and comprehensive roofing solutions.

They want to point out that a complete roof replacement is required when the roof and shingles have deteriorated so badly that no amount of repairs can be made to ensure that there will be no leaks in the future. For flat roofs with torch down this is when the seams have deteriorated so much that they can no longer provide a water tight seal. For roof shingles, this is when the grit has been worn away and the corner has started to curl. In general, a torch down membrane roof will last for 15 to 20 years; a composition shingles roof for 12 to 20 years; a wood shingles roof for 20 to 25 years; an asphalt shingles roof for 15 to 30 years; a rubber roof from 30 to 50 years; and a metal roof for 50 to 75 years.

McHenry Roofing has more than 3,000 customers since 2007 and they take great pride in having established a high customer satisfaction rate. Aside from Baltimore, they also provide roofing services for homes and buildings in Anne Arundel County, Howard County, Montgomery County, and Carroll County. They are a full-service roofer and are a member of several roofs, trade and company organizations. They are fully insured, licensed, and bonded and are one of the most trusted, top-performing and experienced roofing companies in Baltimore.

Those who are interested in learning more about the various services offered by McHenry Roofing can check out their website, or contact them on the phone or through email. They are open from 8:00 am to 6:00 pm,

from Monday to Friday. Those looking to learn more can go to https://rebrand.ly/baltimore-roof-replacement.
