

Company That Offers Roof Leak Repair in Baltimore Gets Another Five Star Review

March 07, 2022

BALTIMORE, MD - March 07, 2022 -

McHenry Roofing, a roofing contractor based in Baltimore, MD, is proud to announce that they have recently earned another five star review on Google. The customer?s roof had been damaged by a hail storm and the company was referred to him by a coworker. The crew from McHenry Roofing had immediately visited the home to provide a temporary solution to prevent the roof from leaking when a rainstorm comes. The customer noted that the price quoted was acceptable and he was satisfied to observe that there has been no roof leak since their work was completed.

In the above-mentioned review, Patrick W. said, ?After a hail storm, I was very busy with work and wasn't able to take the time to secure a contractor for my roof. McHenry Roofing was referred to me by a coworker who had used them in the past. The team came out immediately and completed temporary work on my roof before it began leaking during a rainstorm. They guaranteed me that they would find the root cause of the problem and fix it for good so I didn't need to worry about future leaks. They were honest about what was needed, explained everything in detail, and got the work done quickly. The price was very reasonable and my roof has not leaked since.?

Owner Joseph Conley responded, ?I'm glad we were able to get a tarp on the roof before any damage occurred. We're always ready for emergency calls when these large storms blow through. Thank you for the review Patrick and we look forward to working with you again in the future.? McHenry Roofing is capable of handling different kinds of roofing needs and other related services. These include: commercial roofing; pitched roofing; flat roofing, metal roofing; soffit and fascia repair; gutters and downspouts; home insurance coverage; gutter guards; skylights and sun tunnels; and comprehensive roofing solutions. There are several factors that make McHenry Roofing the most likely choice compared the other roofing service providers in Baltimore and surrounding areas. These include the: in-house roofing crews; next-day estimates; free consultations; in-house roofing crews; on-site project management; high quality roofing materials; best warranties in the industry; service from a locally owned and operated company; and prompt and reliable service.

It is important to note that home insurance can cover roof-related damages, but only for covered risks, such as damages from falling objects, fire, or severe weather. The homeowners insurance does not usually cover damages or leaks due to a poorly maintained roof or an aging and failing roof.

The replacement of a flat roof can be completed in one day to three days, depending on the materials used, weather conditions, and the complexity of the roof. Homes that have more complex flashing requirements will require a longer completion time.

For a 3-tab shingle roof, it is will usually require four days for its replacement, including one day for stripping and preparing the roof deck and three days for laying the new shingles. For a flat roof, replacement may not be as simple as it may seem. For instance, if torch-down materials are used, the fire-resistant adhesive must be allowed to cure properly or it will fail when exposed to high temperatures or rain.

McHenry Roofing has served over 3,000 customers since 2007 and they are proud of having achieve a high customer satisfaction rate as indicated by the overall rating of 5.0 out of 5 stars on Google. In addition to Baltimore, they also provide roofing services for homes and buildings in other places like Howard County, Montgomery County, Anne Arundel County, and Carroll County. They are a full-service roofer and a member of a number of trade, roofs, and company organizations. They are fully licensed, bonded, and insured, and are one of the most trusted and experienced roofing companies in Baltimore and surrounding areas.
