BALTIMORE, MD - March 08, 2022 -
Baltimore, Maryland based McHenry Roofing is pleased to announce that they have received another glowing review for a job in Locust Point. McHenry Roofing is one of the most reliable roofing companies in Baltimore, and their team provides a range of roofing installation and maintenance services.

In the 5-Star Google review, Parker L. Green shares that, ?I contacted McHenry Roofing to request a roof tune up. After 20 years, my roof was getting close to its end, and while I had not experienced any leaks thus far, I was concerned about its condition, given how old it was. Chris arrived ahead of schedule after I confirmed with them that it was all right to do so. Chris inspected the roof and went over each photo he had taken showing the condition of my shingles. I clearly needed a roof, and they were able to fit me in later that week. A+ customer service.?

Joseph Conley of McHenry Roofing says, ?Since we got started with our company, we have been keen to set ourselves apart from our competition, and providing detailed roofing reports to our clients is one of the ways

Tracey Grays says in her review, ?I finally had my roof replaced after 15 years of neglect. I put it off for so long because I hate dealing with those pushy door-to-door salesmen. The only way I found out about McHenry Roofing was from a friend. I checked them out and called them up to schedule an appointment for a free estimate on my roof. They had one of the best prices compared to other roofers I talked to, so I went ahead and gave them a try. The project manager was very helpful and informative over the phone. He explained what it would take to replace my roof and sent me a detailed estimate later that day after he had a chance to look at my house for himself. The price was very reasonable, especially since I received a warranty. The crew came out the next day to remove my old roof, but during the tear off they found some problems that would have created leaks in the future if I had not fixed them, so it ended up saving me money in the long run. They did a great job installing my new roof and cleaned everything up before they left. I'm very happy with the results!?
