

Cestari Kitchen Bundles Its Best Kitchen Tools For A St. Patrick's Day Offer

March 04, 2022

LITTLETON, MA - March 04, 2022 - PRESSADVANTAGE -

Cestari, maker of the best kitchen tools that come with a lifetime guarantee has announced a St. Patrick's Day Bundle that combines 4 of the most popular and indispensable kitchen tools from its lineup, namely the Pastry Bender, the Bench Knife, the Easy Pod, and the Serrated Bread Knife into one single, affordable package.

The company wants its customers to celebrate Irish heritage by using the tools to bake themselves a delicious loaf of Irish Soda Bread. The tools provided in the St. Patrick's Day Bundle are perfect for baking the perfect version of the traditional Irish bread. The company is also helping customers by providing a recipe for Irish Soda Bread on its Amazon store page that clearly explains how to use its high-quality kitchen tools to achieve the best results.

A spokesperson for the company talks about its St. Patrick's Day Bundle by saying, ?Since inception, we have always focused on giving our valued customers the best kitchen tools at the most competitive prices.

We have succeeded with flying colors as our products are rated highly on Amazon for their durability, ease of use, and the amount of value they offer. We wanted to give back to the community by providing them with a reason to try out some of the other tools in our repertoire. Irish Soda Bread is a recipe of cultural significance and there is no better time than St. Patrick's Day to try out this traditional Irish fare. Visit our Amazon store page today to find our kitchen-tested Irish Soda Bread recipe. The recipe makes efficient use of the wonderful products that the experienced engineers and product specialists at Cestari Kitchen have so lovingly crafted.?

The Cestari Professional Pastry Blender Cutter has blades that are 1.5 mm thick to cut through even cold butter easily. The joints connecting the blades to the body of the pastry dough cutter are also 1.5 mm thick, ensuring that the blades won't snap off the way the thin blades on a cheaper pastry mixer do. The ergonomically designed soft-grip handle on the flour cutter feels comfortable to grip even after long sustained use. The pastry tool is made of premium quality 304-grade stainless steel for durability and food safety.

The versatile Cestari Easy Pod is used to bake the Soda Bread. This Bread Baking Cloche is made from the highest food-grade silicone available, which is safe for families and very easy to take care of. The device can pull multiple duties as it can also be used for other purposes such as a vegetable steamer, omelet maker, fish poacher, oven roaster, and more. It is collapsible and rolls up easily for storage, making the foldable steamer convenient for even small kitchens.

The Cestari Dough Scraper Bench Knife makes it easy to scrape pastry and bread dough quickly and easily due to its full 6 by 3-inch blade, unlike other scrapers which are only 150 mm wide. The pastry scraper has a surgical steel blade and a sturdy comfortably contoured, ergonomic rubberized nonslip handle. The scraper is also dishwasher-safe for easy cleanup.

The Cestari Advanced Ceramic Revolution Bread Knife has an Advanced Ceramic serrated 8-inch blade that holds its exceptionally sharp edge more than ten times longer than comparable stainless or carbon steel cutlery. Another advantage that it offers is that, unlike stainless steel blades, ceramic knives don't react with food and they never rust. The knife boasts of a perfectly-balanced, nonskid, ergonomic grip, solid-contoured handle made from a single piece of satin-finish polypropylene that has no seams, eliminating the harboring of germs or bacteria.

Readers who want to browse more of the best kitchen tools that money can buy can visit Cestari Kitchen's website or visit the company's Amazon store page.
