Vancouver Volkswagen Urges Buyers To Check Out The Interior Features Of The 2022 Volkswagen Taos

March 21, 2022

March 21, 2022 -

Vancouver Volkswagen, a car dealership that has been serving Vancouver and the lower mainland since 1960, is drawing attention to the latest cutting-edge features that grace the interior of the 2022 Volkswagen Taos. The dealership had previously announced that it has the compact SUV from Volkswagen available for purchase at its Vancouver location in a press release that can be read at https://www.pressadvantage.com/story/49939-vancouver-volkswagen-has-new-2022-volkswagen-taos-vehicles-available-for-sale-in-vancouver.

The 2022 Volkswagen Taos is a compact SUV that is smart, versatile, and ready for the road. It includes all the features that are going to add to the experience of owning a capable all-around vehicle while keeping it within reach of mid-range car buyers. The exceptional power and on-road capabilities of the car are complemented by an interior that has been designed to tick every box when it comes to luxury as well as functional features in its segment.

It has several nifty storage solutions such as 2 seatback storage pockets with pass-thru, dashboard storage, driver/passenger, rear door bins, rear cupholder, glove box, front cupholder, full floor console with covered

storage, and a mini overhead console with storage. The carmakers have also put in a lot of thought to make the driver?s experience pleasant with features such as a driver footrest, a day-night auto-dimming rearview mirror, compass, driver & passenger visor vanity mirrors with driver and passenger illumination, and a driver & passenger auxiliary mirror.

All the seats have been carefully constructed to maximize the driver?s and the passengers? comfort with features such as a 6-way passenger seat, ventilated front seats, 60-40 folding split-bench front-facing fold forward seatback rear seat, 8-way driver seat, front/rear center armrest, seats with leatherette back material, heated front sport seats including 8-way power driver seat with power recline and 2-way driver power lumbar support, manually adjustable front head restraints, and manually adjustable rear head restraints. The riders will also be thrilled with the features tuned to give them enough light and air such as air filtration, dual-zone front automatic air conditioning, fade-to-off interior lighting, front and rear map lights, and HVAC including under-seat ducts.

The interior upholstery is designed for a luxurious ride with features such as a heated leatherette steering wheel, full cloth headliner, leather/metal-look gear shifter material, leather perforated seating surfaces, leatherette door trim insert, interior trim including colored instrument panel insert, colored door panel insert, metal-look/piano black console insert, piano black/metal-look interior accents, carpet floor trim, and a full carpet floor covering including carpet front and rear floor mats.

The car also boasts of useful driving features such as cruise control with steering wheel controls, and a manual tilt/telescoping steering column. The car?s security features include FOB controls including cargo access, remote keyless entry with an integrated key transmitter, illuminated entry, panic button, engine immobilizer, perimeter alarm, a proximity key for doors, and push-button start. The car has plenty of power door and power window features such as power door locks with an auto-lock feature, power rear windows & fixed third-row windows, power first-row windows with front & rear 1-touch up/down. The driver is also able to keep an eye on the current state of the vehicle using system monitoring gauges such as a speedometer, odometer, engine coolant temp, tachometer, oil temperature, trip odometer, and trip computer, outside temp gauge, and redundant digital speedometer.

The car also keeps in mind the need to entertain those in it with entertainment features such as an 8 touchscreen infotainment system including AM/FM, Bluetooth mobile phone connectivity, wireless app-connect smartphone integration (Android Auto, Apple Carplay), USB type C port (x3), voice control, SiriusXM satellite radio, wireless charging, satellite navigation, and BeatsAudio premium audio system with 8 speakers plus subwoofer, window grid and roof mount diversity antenna, 2 LCD monitors in the front, and streaming audio. The dashboard boasts of a digital/analog appearance, radio with seek-scan, clock, speed-compensated volume control, steering wheel controls, and a radio data system.

The car?s cargo features include cargo space lights, cargo area concealed storage, remote releases including power cargo access, and a rigid cargo cover. The car also comes with a range of other convenience features such as 2 12V DC power outlets, delayed accessory power, and a power fuel flap locking type.
