

Taylor MI-Based Dumpster Rental Service Now Serving More Detroit Area Locations

March 15, 2022

March 15, 2022 - PRESSADVANTAGE -

86it Dumpster Rental of Taylor Michigan may have started as a small local dumpster rental company but in their several years of existence, they have now grown into one of Southwestern Detroit's largest junk and trash hauling companies. Much of this is due to their timely and responsive garbage and junk disposal services combined with a very high level of customer care.

The company has also made great strides when it comes to making renting a dumpster convenient and easy. All of this has translated into this business now being able to serve more Michigan area locations than ever before. Wayne Michalak, the owner of 86it Dumpster Rental, says, "Some people are under the impression that running a trash and junk hauling business requires no more than having a few skilled drivers and someone to answer the telephone. Rest assured that is hardly the case here at 86it Dumpster Rental. We are constantly looking at every area of our business from initial scheduling to the types of trash and junk hauling services that we can provide to improve every aspect of our business. This has made us a flexible and reliable rubbish disposal service that is now able to provide quality dumpster rental services to many Detroit area locations."

Michalak went on to say that the number of Michigan communities that they now provide top-notch dumpster rental services has grown extensively over the years. It's a list that has seen them continually provide fast, friendly trash and junk hauling services to most communities in Wayne, Oakland, and Macomb Counties. He went on to rattle off such communities as Auburn Hills, Canton, Clinton Township, Dearborn Heights, Farmington, Garden City, Highland Park, and Livonia as areas the company is happy to serve. Also mentioned were Allen Park, Macomb, Wayne, Sterling Heights, Madison Heights, Northville, Pontiac, and Ray they now provide quality dumpster rental services for. The company owner stated that as the company's popularity continues to grow, Detroit, Michigan area businesses, residents, and contractors can expect even more areas to be added to this already long list of places that they travel to haul away their customers' trash and junk. He mentioned that the complete list of areas they offer their dumpster rental services to can be

seen on their website. Those that are not sure as to whether 86it Dumpster Rental of Taylor services their community can always place a quick call to them to find out.

The company owner also talked about how they not only provide rubbish removal services to many Michigan communities but also can get rid of a wide variety of trash and unused items for their customers. This includes everything from helping area contractors get rid of construction debris to helping home and business owners successfully undertake both large and small cleanout projects. He says that their services often help their customers with such tasks as refrigerator disposal, garbage removal, foreclosure cleanouts, construction waste removal yard waste removal, and e-waste disposal. They are also happy to help their clients with most types of trash removal, appliance removal, television disposal & recycling, and furniture removal projects. Even those with such unusual unwanted items as hot tubs have come to rely on their company's trash hauling services. Michalak pointed out that other than hazardous items, there are few trash items that they won't help their customers get rid of.

Michalak said is also pleased with how easy and convenient they have made garbage and junk removal for their customers. This includes offering convenient online ordering or more traditional phone dumpster rental scheduling where a friendly and knowledgeable company representative will answer the phone. He said that they offer flexible dumpster rental options too. This includes having three different size dumpsters available for rent which can hold up to 2, 2 ½, or 3-tons of junk and rubbish. All of which come with a standard 5-day rental period and are affordably priced. The company owner stated that those in Southwestern Detroit and the other areas they serve can obtain more information on their reputable dumpster rental services by referring to their website at <https://www.86itdumpsters.com/> or by calling them.
