McHenry Roofing was referred to me by a coworker who had used them in the past. The team came out immediately and completed temporary work on my roof before it began leaking during a rainstorm. They guaranteed me that they would find the root cause of the problem and fix it for good so I didn't need to worry about future leaks. They were honest about what was needed, explained everything in detail, and got the work done quickly. The price was very reasonable and my roof has not leaked since."
