Hilton Head, SC ? With the increasing demand for eyelash extensions, especially from the millennial population, Lashes n' More expresses its pledge to answer the call.

Lashes n' More commits to delivering the most extensive eyelash extension services in Hilton Head Island. The eyelash extension industry expert offers two options for its clients. They have the Classic Lash Extension and the Volume Lash Extension services. Choosing between the two eyelash extension procedures depends on the client's preference.

Classic lash extension is preferred by those who want a natural look. The procedure provides length, curl, and darkness to the lashes. Their method is best for customers with a full natural lash line but lacks size, curl, or darkness.

On the other hand, Volume Lash Extension or the Russian volume is for those who have fine or sparse lashes. This technique makes lashes appear lighter, fluffier, and fuller. Volume lashes also create a depth and fullness of lash extension that no mascara can match.

"Our innovative application processes result in pleasant, soft, and customized lash styles of the highest quality for any occasion. From everyday casual wear to a wedding and bridal lashes, the most incredible lashes Hilton Head has to offer can help anyone express themselves in comfort and style," as stated by Lashes n' More.

Both classic and volume lash extensions are the expertise of Lashes n' More founder Irina Rudman. She gained her lash expertise from Russia. To improve her skills, she also went to South Korea to learn more about the craft. Rudman shares that her experiences and expertise from Russia and South Korea are what Lashes n' More offers. It is a unique combination of both techniques.

The hands-on owner says she also envisions Lashes n' More as the "go-to" service for all of Hilton Head and Bluffton. Besides having a skilled team, the Eyelash Extension Bluffton company also uses top-quality products. Visit their website at https://lashesanmore.com/.
