Hilton Head, SC ? Eyelash extension industry expert, Lashes n' More is introducing its Volume Lash Extensions in Hilton Head and urging women on the go to try this new technique.

The Eyelash Extension Hilton Head beauty company says their Volume Lash Extension is gaining much popularity. Lashes n' More says the volume lash extensions are an excellent choice for women on the go who do not have time to use mascara.

Russian volume is applied using a more difficult technique compared to the classic lash extension. The technician takes 2 to 6 very thin eyelash extensions and makes them into a fan shape before applying them to the natural eyelash. Lashes n' More also says that volume lash extensions are an excellent choice for individuals who have fine or sparse lashes. Volume lashes also have a more extended retention period than classic lashes.

Lashes n' More says Volume Lash Extensions is one of the owner's expertise. Irina Rudman gained her experience from Russia. Additionally, she was trained in the best lashing technique from South Korea. The hands-on owner says she envisions Lashes n' More as the "go-to" service for all of Hilton Head and Bluffton's clients.

"I am constantly improving, taking classes on the trendiest lash looks from Russia, where Volume lashes originated. My lashing technique is a unique combination of Russian and South Korean schools of lash extensions," says Rudman.

On the other hand, classic class extensions provide length, curl, and darkness to the lashes. Their method is best for customers with a full natural lash line but lacks size, curl, or darkness. Classic lash extensions also give an ideal mascara effect with their natural look.

Aside from Classic Lash Extensions and Volume Lash Extensions, the beauty company also offers Brow Lamination, Lash and Brow Tint, Lash Extension Removal, and Lash Lift.

"We strongly care about keeping natural lashes healthy. That's why we use top quality products and a proper lashing technique. We treat each client as special and take into account everyone's eye shape, lifestyle, and personal preferences to create lash looks that are uniquely yours," the company says.
