Woodinville, WA ? With spring quickly approaching, the demand for items with vibrant hues is at its peak. With that in mind, Northwest Trophy and Awards, a provider of personalized crystal awards in Woodinville, WA, is excited to announce their new line of glass and acrylic awards that can be accented with different colors.

Previously, the glass and acrylic awards Northwest Trophy had available could be customized with images such as business logos and text with varying character limits depending on the type of award. However, the awards themselves were clear. Now, they have a whole new line of glass and acrylic awards that can be customized with images, text, and color accents such as purple, red, blue, green, yellow, and many more. ?Northwest Trophy is excited to see so many new glass and acrylic awards available in 2022! Traditionally clear awards can now be accented with vibrant colors!? stated Seth Breckenridge, a representative of the company.

For those who prefer the more classic clear awards, those are still available of course. The new awards with colored accents are an optional add-on to a wide range of different awards, making it easy for any customer to find an award that suits any occasion.

Northwest Trophy and Awards was purchased by the current owners? grandfather in the late 1950s.
