March 22, 2022 - PRESSADVANTAGE -

Pasadena, TX - This past week, Insurance Navy opened an insurance office located in Pasadena, Texas -their third location in the state. While being the fastest growing car insurance broker and car insurance agency in Illinois, Insurance Navy also has a presence in the Houston and South Houston area. In the neighboring town of Pasadena, they expand that presence.

"After Illinois, Texas is another state that we prioritize growth in," says Insurance Navy CEO Fadi Sneineh, "Like how we serve the majority of the Chicagoland area, we aim to do the same for the Houston area and its neighboring cities. Texas is a great state in general for competitive car insurance rates due to the number of drivers and population. We're happy to be bringing our BBB accredited practice of providing low-cost car insurance and more to Harris County."

The Pasadena office's location is 509 Southmore Ave in a mini-mall that used to house loan and tax services. Since its opening on March 1, existing and new car insurance policyholders in the area have been taking advantage of a closer location rather than making the drive to Houston or South Houston.

At the same time, more people are using Insurance Navy's free online car insurance quote calculator. The location is open every day except Sundays from 10 to 6:30. Insurance Navy's products and services like car insurance, homeowners insurance, renters insurance, commercial auto insurance, motorcycle insurance, and even SR22 insurance for high-risk drivers that would have trouble finding standard auto insurance are all available from the Pasadena office.

"Our company's history of providing low-cost auto insurance has always been user-friendly for customers. We start by offering them a price right away and immediately start managing their premiums. We're prepared for everything with our new location, and we're recruiting new insurance agents to serve new clients," Sneineh said.

Operations at the Pasadena insurance office are overseen by Radwan Elhage, director of finance for Used Cars in the Chicago area. Sneineh's partnership with him helped make the opening of the Pasadena office possible. His experience in finding people affordable deals on used cars carries over nicely to finding people affordable car insurance.

The average cost of full coverage car insurance in Texas is around \$1,872 per year. With Insurance Navy's new location, they aim to normalize a lower average.
