

# True Potential Chiropractic Is Offering Corrective Care In Beaverton, Oregon

*March 30, 2022*

Beaverton, Oregon - March 30, 2022 - PRESSADVANTAGE -

True Potential Chiropractic from Portland is considered by many to be the best chiropractic clinic providing corrective care Beaverton, Oregon, has to offer.

The center's range of services includes chiropractic specialties, family care, car crash recovery, massage, assisted stretching, TMJD (jaw issues), FlexFit workshops, monthly chair massage, home exercises, and spinal & postural screenings. The center's chiropractic specialties address conditions such as aging issues, arthritis, auto accident injuries, balance issues, carpal tunnel, chronic fatigue, chronic pain, concussions, disc conditions, extremity pain, frequent colds, gamers' posture, hand and foot numbness, headaches and migraines, inflammation and swelling, knee pain, leg numbness, limited motion, low back pain, military injuries, muscular issues, neurological conditions, pediatric orthopedic complaints, pregnancy issues, sciatica, scoliosis, shoulder conditions, sports-specific injuries, stress, tendonitis and soft tissue issues, temporomandibular joint dysfunction (TMJ), work-related injuries, and whiplash.

A spokesperson for True Potential Chiropractic talks about how it uses its expertise to solve pressing health issues for those who have been in car accidents or suffered any other kind of accidental injury by saying, "Disaster strikes unannounced and causes your life to go haywire in the blink of an eye. An accident can affect your long-term well-being in more ways than one. Injury victims often complain about how things were never the same after the accident as the injured part of their body chronically suffers from discomfort or pain. They may even lose some degree of mobility if their joints were affected. This not only affects their quality of life but can also render them unable to perform their duties at work if it requires some sort of manual or physical labor. Add to that, the specter of rising medical bills and you have a recipe for disaster that is more insidious than the accident one just went through. In times like these, you need a health professional who understands the best way to treat your pain and can offer to do so affordably. True Potential Chiropractic has been living up to this challenge in Beaverton for a long time now. Our leader, Dr. Bell, has 20 years of experience with demonstrably excellent results in injury rehabilitation. Our success starts with following the

simple laws of alignment that the science of chiropractic is well known for. We are the last clinic you need to call if you are looking for the best car accident chiropractor Beaverton, Oregon, has to offer.?

A review of the clinic's services on its Google My Business page, which talks about the progress the user made after enlisting True Potential Chiropractic's services, says, "Honestly, 5 stars just aren't enough stars. I have had severe back pain over the last 10 years due to a bus accident and had no idea what was wrong. The TP team was able to find the reason and cause of the pain and came up with a plan for recovery. After committing to a 3 month, 3 times a week program I saw drastic improvements. After finishing this program I have no pain whatsoever! I get better sleep, improved mood, and feel like a completely different person. I can not express how grateful I am for everyone there and what they have done for me. So from the bottom of my heart thank you! I Highly recommend True Potential Chiropractic and would never go anywhere else if I have future issues! Thanks."

Another recent review, that praises the helpful and communicative nature of the clinic's doctors, says, "They are friendly, knowledgeable, efficient, and always have tips for you to get healthy beyond just coming in for an adjustment. Dr. Bell is always looking at new ways he can help you be better with massages, stretching & flex fox exercises, and partnering with companies that offer things like healthy meal plans and fantastic mattresses. I will recommend them forever to everyone. I've been going there for 4 years and will keep going.?"
