

Gerard's Tree Service Provides Bokeelia Palm Tree Removal Service and Receives Another Five Star Review

March 29, 2022

ST JAMES CITY, FL - March 29, 2022 - PRESSADVANTAGE -

Gerard's Tree Service, a tree service company based in St James City, FL, is proud to announce that they have been providing quality palm tree removal services in St James City and also in Bokeelia in Pine Island, Florida. In addition, they have recently received a five star review from a very satisfied customer. Bokeelia is a census-designated place and an unincorporated community, which had a population of 1,780 in the 2010 census.

In the 5-star review of Gerard's Tree Service, Patricia Q. said, "I was pleased with the personal attention and prompt response. The tree cutting crew cleaned up after the job and the stumps were removed as if they were never there. I highly recommend."

It is important to note that the team at Gerard's Tree Service utilizes well-maintained equipment and tools in offering their tree trimming, tree removal, and stump grinding services to ensure efficient, effective, and

attractive results. Their equipment includes a portable stump grinder, a 60-foot aerial lift, a 12-inch brush chipper that produces fine mulch, and an articulating front-end loader to move brush and logs while not harming the lawn.

Specifically, Gerard's Tree Service offers various kinds of services, including: certified mangrove trimming; storm damage prevention and repair; stump grinding and root pruning; tree trimming, shaping and thinning; wildfire mitigation; and zero-impact tree removal. Mangrove trimming is also provided by the company because there are a lot of mangroves in Florida. Mangroves play a vital role for the coastlines but unfortunately, many acres of mangroves have been lost during the past century. The result is that mangroves are strictly regulated in Florida. That is why property owners need to get the services of licensed mangrove trimmers if they require mangrove trimming on their property.

Wildfire mitigation is another very important service provided by Gerard's Tree Service. The potential of wildfires has become a primary concern of many people because of the wildfires that have recently occurred, threatening homes, families, offices, communities, and the environment. With the wildfire mitigation service being offered, people can now do their part in wildfire mitigation work.

Wildfire mitigation work involves clearing brush and debris around the home, building, or other structure for a radius of 50 to 100 feet from the structure. The result is that a space is created that will slow the wildfire from reaching the building. This will also work the other way around. If the house or building catches fire for some reason, there is space that will prevent the house fire from reach the surrounding brush, trees, and forest. Plus the space can be used by the firefighters to do their jobs. The team members of Gerard's Tree Service are also knowledgeable about the best wildfire mitigation practices and include them in their wildfire mitigation work.

Gerard's Tree Service is an insured, licensed, and certified arborist service that offers quality tree trimming, tree removal, and stump grinding. They provide their services to both residential and commercial clients in St James City; Pine Island, Florida; Bokeelia, FL; Matlacha, FL; and beyond. The primary service team at Gerard's Tree Service are Gerard Cioria and Ben Armstrong. Gerard is a resident of Pine Island and has more than 25 years of experience with all kinds of trees. He is an ISA-certified arborist who is qualified to perform mangrove trimming. And because he is an experienced professional climber, he specializes in hazardous tree removal scenarios and hard-to-reach trees. Ben is also a resident of Pine Island and has more than 30 years of experience in native tree trimming and shaping. He is a highly skilled equipment operator and is focused on exotic tree removal.

Those who are interested in learning more about the palm tree removal service and other tree services

offered by Gerard's Tree Service can check out their website, or contact them on the phone or through email. They are open from 8:00 am to 5:00 pm, from Monday to Saturday.
