

Pembroke Pines Lawn Care Services Provider Earns Another Five Star Review

March 29, 2022

Pembroke Pines, Florida - March 29, 2022 - PRESSADVANTAGE -

EPS Landscaping & Tree Service LLC , a provider of lawn care services in Pembroke Pines, FL, is proud to announce that they have received another five star review from a satisfied customer. Residents and businesses in Pembroke Pines can depend on EPS Landscaping for the landscaping and lawn care services, including tree trimming services. Their lawn mowing services go beyond just the use of lawn mowers. They always strive to offer comprehensive packages that make the lawn of their clients as attractive as possible.

Greg O'Connell, co-founder of EPS Landscaping & Tree Service, says, "At EPS, we have top-notch, high-quality tools and landscaping service that help us deliver a lawn you can be proud of. With respect to Pembroke Pines area weather patterns, grass height, and even grass color, our professionals offer scheduled visits where they apply their expertise in the industry. Rather than worrying about when to squeeze in that one hour plus for cutting the grass, let us take care of your lawn's health for you. While we handle the mowing, you can get back to more important things like your family, your hobbies, and your job."

And it appears that their strategies are truly working because in the 5-star review for lawn care services that they recently received, Gabriella V. says, "This is the best company! Jessica is very professional and responsive and Greg is very honest and reliable. He came out quickly with his guys and made our yard look amazing! I am so glad I found them. I will be using them for all my lawn care needs and highly recommend them."

Grass cutting and lawn trimming services go hand-in-hand and when both of these are done by EPS Landscaping & Tree Service they always take great care such that homeowners and property owners can relax and have peace of mind. And curb appeal is not just for homes. Commercial properties may also benefit from a well cared for and trimmed lawn. This is because people prefer to use businesses that have an impressive landscape. Their commercial lawn cutting packages allow EPS to come in and regularly take care of commercial landscapes. With a well cared for property, the company is able to attract potential customers and clients.

Aside from lawn cutting and trimming, regular lawn maintenance services are also provided by EPS Landscaping & Tree Service. This includes lawn fertilization, which is a primary step in helping the grass grow and thrive, which is essential for a good looking lawn or landscape. Fertilizers can help the grass grow better and can result in thicker lawns. Thicker lawns are not only good looking but also more enjoyable for the family.

Another important service is lawn weed control and fungus treatment. It is because grass is like any other living organism, which means they can be affected by fungi and other microorganisms. Weeds, including dandelions, crabgrass, white clover and quackgrass, can also affect the growth of grass. With EPS, clients get the expertise, guidance, and hands-on service to eliminate weeds, fungi and other growths that affect the lawn.

Lawn reseeding is another important service provided by EPS. While the process may seem to be simple, it is actually more detailed and involved than most people realize. With their years of training, experience, and expertise, the lawn service professionals from EPS are knowledgeable on what steps to take to do the reseeding properly.

EPS Landscaping & Tree Service is a provider of landscaping and tree services in Pembroke Pines and surrounding areas at competitive prices while not compromising on the quality of the tree service rendered. They provide their services to several areas in Broward County, including Southwest Ranches, Coral Springs, Hallandale Beach, Deerfield Beach, Dania Beach, Hollywood, Pompano Beach, Pembroke Pines, and Ford Lauderdale.

People who would like to know more about the Pembroke Pines lawn care services can visit the EPS Landscaping & Tree Service website, or contact them through the telephone or via email. They are open from 8:00 am to 6:00 pm, from Monday to Friday, and from 8:00 am to 3:00 pm on Saturdays.
