April 06, 2022 -

American AF Dumpster Rentals is offering commercial dumpster rentals, residential dumpster rentals, demolition dumpster rentals, roofing dumpster rentals, construction dumpster rentals, and yard waste dumpster rentals to residents and businesses in Red Oak, Texas. Readers can find out more about the company?s services in Red Oak by heading over to its website at the link: https://www.americanafdumpsters.com/dumpster-rental-red-oak-tx/.

The company?s dumpsters are suited for a wide variety of junk disposal tasks such as refrigerator disposal, garbage removal, mattress disposal, foreclosure cleanouts, construction waste removal, yard waste removal, trash removal, appliance removal, television disposal & recycling, furniture removal, e-waste disposal, and hot tub disposal.

The company?s 15-yard dumpster is 14 feet long, 7 feet wide, and 4 feet high and holds approximately 6

pickup truck loads worth of waste. The base price for the 1-day rental of the 15-yard dumpster is $325, for the 3-day rental it is $350, and for the 7-day rental, it is $395. The company?s 20-yard dumpster is 14 feet long, 7 feet wide, and 6 feet high and holds approximately 8 pickup truck loads worth of waste. The base price for the 1-day rental of the 20-yard dumpster is $349, for the 3-day rental it is $395, and for the 7-day rental, it is $495.

The base prices include 2 tons of waste disposal. For every ton of waste above the aforementioned included tonnage, the company charges an extra $75. The company also charges $25 for each additional day of rental, if the customer requires it. The company also plans to include 10-yard and 30-yard dumpsters in its offerings soon.

A spokesperson for the company talks about the services it offers by saying, ?Home improvement is a costly proposition that can get out of hand with extraneous expenses pretty quickly. You need to keep a strict eye on your budget and plan for every tool, service, and man-hour that you are going to require to make sure that you are not blindsided by costs that you had not anticipated. One such expense that DIY homeowners, who have the enthusiasm and gusto for home improvement but lack the experience with such projects, generally forget to plan for is waste disposal. Tearing out sections of an old property and rebuilding it generates a lot of trash that can?t just be dumped in simple trash bags. Its disposal has to be planned for in advance if one wants to stay in accordance with the local rules and regulations. Cost-effectively doing this is a challenge in itself because there are a lot of services out there that will overcharge you for dumpster rentals and, frankly, provide abysmal service to match the sticker price. If you are a commercial construction or renovation company, you already know that waste disposal costs will factor into the final cost of the project. Thus, you need a reliable service that can meet your expectations without breaking the bank. American AF Dumpster Rentals is that dumpster rental service provider that has everything you need and more in Dallas and surrounding areas. We have been serving the city for a while now and our customers love our dedication to providing high-quality clean and solid dumpsters along with customer support that is here to solve every problem that you may face.?
