

Charlottesville's Newest Paint Store Now Providing a Unique Selection of Paints

April 14, 2022

April 14, 2022 -

Pigment Paint Supply has just announced that they are open for business to serve the diverse painting needs of those in and around the Charlottesville, VA area. The company is doing this by carrying a large selection of paint brands and colors. It also carries all the supplies necessary to help professionals and individuals see their painting visions turn into reality.

A company representative, Charles Davis, stated, ?The Charlottesville area is one of the most beautiful in the state of Virginia. Part of that is the way the area blends old and new architectural styles all together. That?s a setting that requires a large selection of paint types and colors and our new store is here to help with that along with having all of the necessary supplies to enable our customers to complete their painting projects. The company representative went on to say that their new store in Charlottesville is located at 1144 E Market St #2. That?s a location that?s very near to the Market Square Shopping Mall and right next door to C &R Auto Service and the Monfalcone & Garris PC office. It?s a location that is also just a short drive from the Downtown Mall and Meade Park.

Some of the popular paint brands that they carry include Farrell-Calhoun Paint which has been making better paints by using superior ingredients since 1905. In a blind test that was conducted by Dupont, the Farrell-Calhoun 300 line outperformed all national and regional paint brands. He noted that they also carry Mythic Paint which is uniquely non-toxic and has no off-gassing, VOCs, and cancer-causing toxins. This paint line comes in over 1200 colors and those can be combined to match any color that a customer desires.

Davis mentioned that furniture painting is also a specialty area for one of Charlottesville?s newest paint stores. This is highlighted by the fact that they carry Good Bones paint. A paint that has been specially formulated for use on furniture that has no VOCs, superior coverage, and comes in matte finishes that can be buffed into a sheen if desired. He added that right next to their new paint is a finishing shop that provides cabinet and furniture painting and refinishing services. Michelle Pike proclaimed this after PPF finished a furniture item for her She says, ?Thank you, PIGMENT, for my beautiful new (refurbished) four poster bed! They have finished furniture for me in the past, so I was already aware of the high quality of their work. When it came time to put together a realm for my daughter in our new home, there was no question who I would turn to for help - PIGMENT, of course! They are an absolute delight to work with, able to deliver exactly what I was looking for in a timely manner and at an affordable price. I will definitely refer my friends to them and look forward to getting to work with this wonderful crew again in the future."

What the company brings to the Charlottesville area as far as painting needs are concerned goes well beyond just offering a wide variety of paint types, colors, and painting supplies. The company also has a very talented staff that will use their many years of paint and decorating experience to help their customers choose paint types and colors that will bring their decorating desires to fruition. Evidence of that comes in a recent 5-star review that was left on Pigment Paint Supply?s Google Maps Business Listing by Wendy Summer. In that glowing review, she stated, ?Christy has an amazing eye for color. She picked out all the colors for my 30-year-old house as well as painted some furniture pieces to match. The fresh, bright palette she created has given our house such a spacious yet warm, happy feel. Christy worked to create a space reflective of me and my tastes by using her incredible eye for color and design. I highly recommend her and her shop (she also has a wonderful crew working for her). I so look forward to using her again for our next house.? Charlottesville?s newest paint store is also quickly establishing a reputation for sharing a smile when helping its customers and for having quality products that are reasonably priced. Dale Hyldelund says, ?Super friendly, great prices!?

Davis added that those that would like more information on how they can help them make their painting dreams come true can visit their new paint store in Charlottesville or they can refer to their website.
