

Fayette Hobbies Organizes Charity Indoor RC Fly-in Fundraiser For Bloom Our Youth

November 09, 2015

November 09, 2015 - PRESSADVANTAGE -

Fayette Hobbies, a company based in Peachtree City, GA that specializes in RC hobbies, organized a charity fundraiser to benefit the Bloom Our Youth of Fayette County. The fundraising event was also supported by Chick-fil-A and Pinewood Studios. On November 7, 2015, R/C hobbyists were invited to enjoy a 5 hour event that hosted a variety of indoor radio controlled flying contests such as the Balloon Pop, Limbo and Mini Quad Obstacle Course and Carrier Landings. Those who partook in these events were also able to win various prizes.

Fayette Hobbies made the following statement on their Facebook page: "Thanks to Chick-fil-A, Pinewood Studios and all of the tireless workers who made the event a success. A special thanks to Fayette Flyers who gave \$1000 to our charity, Bloom Our Youth, Fayette County's Foster Child Organization."

Bloom is a private nonprofit organization that helps to provide homes for children that have been removed from their homes because of neglect, abuse and other tragic circumstances. It was founded in 1986 by a group of citizens from Fayette County. Those who would like more information on the organization, or would simply like to donate, can visit the following URL: <http://bloomouryouth.org/donate/>.

Kevin, spokesperson for Fayette Hobbies, invites all interested parties to visit their Facebook page in order to get the latest RC Event Info. The company specializes in RC planes, helicopters, cars, trucks, rockets, and boats. The company pointed out that a way in which they can stand out is through their fully equipped simulator room where they provide workshops for those who would like to learn how to fly or drive RC vehicles before buying one of them. The company has fully equipped classrooms that provide workshops and classes in fluid dynamics, rocketry and electronics.

"We want to make sure that people have a better understanding of how these RC vehicles work before they make that final investment into this amazing hobby," said Kevin.

For those who would like more information on Fayette Hobbies, please visit their website or Facebook page. Here, interested parties will be able to get more information on the types of workshops they currently provide.
