Jacksonville, FL - To offer Fast Notary Services, Rainbow Notary and Nuptials is glad to continue providing remote internet notarization throughout Florida and the surrounding areas.

The Florida-based company started providing Best Notary Services in 2020 and has already served a large number of consumers in the area. Rainbow Notary and Nuptials notarize documents remotely, whether the consumer is on the other side of town or worldwide. Both independent customers and corporations benefit from this service, accelerating their transactions.

Clients may sign documents anywhere and send them to Rainbow Notary and Nuptials in Florida by smartphone, tablet, or computer. The Notary Public then delivers the documents to the Florida Secretary of State and returns them to the customers the same day via FedEx.

"With just a few clicks on your smartphone screen, you can safely finish your paperwork anywhere, at any time, so that our technology can be there for you when it counts most," the business says.

The need for their remote online Notary became more apparent when the Covid-19 pandemic hit the world, particularly hurting the United States. They claim that the remote online Notary has generated an infinite number of opportunities for customers to "meet" with notaries. Customers can also be certain that their documents are legal since most of the company's Notaries are members of the National Notary Association.

The company assures the legitimacy of the documents by employing Remote Online Notary systems with Knowledge-Based Authentication, which confirms the signer's identity using a driver's license or passport credential analysis. In addition, customers and notaries may use the program to have a face-to-face video conference recorded and saved for ten years, safeguarding and validating the transaction.

"Without the restrictions of repetitious jobs and redundancies, professionals can focus on what matters most - the people they serve," they write.

Rainbow Notary & Nuptials likewise encourages contact-free service as part of the continuing battle against the Covid-19 pandemic. They provide free consultations on their products and services. Furthermore, they provide personalized service, addressing their clients' needs. Those interested in learning more about their services may do so by visiting https://rainbownotaryandnuptials.com/.
