

My Pro Movers DC Shortlisted To Expertise.com's Best Moving Companies In Washington DC 2022 List

May 09, 2022

Washington, District of Columbia - May 09, 2022 -
My Pro Movers DC has been recognized as one of the ?Best Moving Companies in Washington DC 2022? by Expertise.com. The company is celebrating the recognition by encouraging homeowners and renters from Northern Virginia to check out its services and the several advantages it offers that separate it from other local moving companies.

Expertise.com is an online directory and review aggregator website that finds and reviews the top service professionals in over 200 industries in the United States. The website averages around a million views each month across all desktop and mobile devices. It releases several lists every year that name the top performers in all the business categories that it tracks. It is one of the service industry?s go-to directories as it is widely used regularly by American consumers from all walks of life.

Expertise.com?s listing for My Pro Movers & Storage DC has given the Northern Virginia moving company an A+ rating for professionalism and an A+ again for cultivating a positive reputation. The website

notes that the company has scored an average review score of 4.8 out of 5 from over 150 reviews, which it deems to be the best possible rating and review volume when compared to other companies on its list. The website also acknowledges that the reviews display a remarkable consistency which is, again, the best in its class.

Expertise.com also hires mystery shoppers to call the providers in its directory that it is currently evaluating. The survey ensures that the company being evaluated does not find out that they are being judged as steps are taken to make all the assessments anonymous. This enables them to prevent companies from getting an unfair advantage and to replicate the experience that the average consumer will have when interacting with the company being evaluated. Providers who respond quickly, answer questions thoroughly, and communicate politely, score higher. In the case of My Pro Movers DC, the company scored an A+ on all metrics including responsiveness, friendliness, helpfulness, and detail.

A spokesperson for Washington DC moving services company talks about the significance of the distinction bestowed upon it by Expertise.com by saying, ?Being highlighted by a prestigious and reputed online publication such as Expertise.com is a validation of all the efforts that we have been putting into building the perfect moving and storage service for Northern Virginia citizens. We were delighted that we scored so high on Expertise.com?s metrics. We are proud of our employees who are putting their best foot forward every day to give all of our customers the best possible moving experience. We hope that those in our service area who are planning to move soon will take heed of the unbiased evaluation from Expertise.com and consider hiring us for their needs.?
