

## **EPS Landscaping & Tree Service LLC Offers Irrigation Services in Pembroke Pines and Broward County FL**

*May 12, 2022*

Pembroke Pines, Florida - May 12, 2022 - PRESSADVANTAGE -

EPS Landscaping & Tree Service LLC, a company based in Pembroke Pines, FL, wants everyone to know that they can provide irrigation services aside from landscaping and tree services in Broward County, especially in Pembroke Pines. Irrigation and sprinkler systems for a garden or landscape can have a significant effect on the health of the yard, particularly in hot and sunny places such as Broward County, Florida. This will not only serve to improve the home environment and aesthetics, but it also has a positive contribution to the larger environment. It is for this reason that they are committed to providing the best possible irrigation system for the customer's specific needs.

Homeowners in Pembroke Pines who request for irrigation services will find that the first thing they will do is conduct a survey of the property before installing an irrigation system. Greg O'Connell, co-founder of EPS Landscaping & Tree Service, says, "One of our specialists will visit your home and do certain tests. They will split your property into zones based on the water requirements for each part of your yard need during the procedure. Garden beds, for example, may require more water (as well as different types of sprinklers) than your grass."

Another important related service offered by EPS is the installation of lawn sprinkler systems. While it may seem that having such a system installed in the garden is a luxury, homeowners and other property owners will soon discover that it actually pays for itself because of the time and money saved on lawn care tasks. Part of their irrigation services for grass is the installation of irrigation sprinkler systems that can help in decreasing the amount of time spent on watering the grass and garden beds. This is especially important in Pembroke Pines where plants need to be watered regularly.

One of the specialties of the experts at EPS is grass irrigation. They have a team composed of some of the leading irrigation specialists in South Florida who can help homeowners design an irrigation system that is specifically customized to deliver the proper amount of water for the green grass in the lawn. This also means that there would be no worries about under-watering or over-watering the lawn and the garden. Lawn maintenance can be quite a challenge for those who have busy lives and all the more so for commercial lawns.

Another important service offered is lawn care or lawn maintenance. This is to make sure the grass on the lawn maintains its aesthetic characteristics through regular grass trimming and lawn mowing.

EPS Landscaping & Tree Service LLC also offers commercial landscaping in Southwest Ranches, Florida. Southwest Ranches is a town in Broward County that is a suburban community component of the Miami metropolitan area.

EPS Landscaping & Tree Service is a family owned and run company in Pembroke Pines, Florida that is focused on landscaping and tree services in the Broward County area, particularly in Pembroke Pines, at affordable prices while making sure that they always render top quality tree services. They have been in the business for more than 20 years and they offer their services to several areas in Broward County, including Hallandale Beach, Southwest Ranches, Coral Springs, Hollywood, Deerfield Beach, Dania Beach, Fort Lauderdale, Pompano Beach, and Pembroke Pines. They are a comprehensive landscape and tree services company who have developed a solid reputation for being an affordable, dependable, and professional company. They are committed to providing the highest quality of integrity, safety, and service. They offer honest estimates and homeowners and other property owners can rest assured they won't get a more reasonable price in Fort Lauderdale or Pembroke Pines for the service that they require.

People who would like to know more about the Pembroke Pines tree care services can visit the EPS Landscaping & Tree Service website, or contact them through the telephone or via email. They are open

from 8:00 am to 6:00 pm, from Monday to Friday, and from 8:00 am to 3:00 pm on Saturdays.
