

Naperville Shipping Store Discusses Signing of Postal Service Reform Act into Law

May 24, 2022

May 24, 2022 - PRESSADVANTAGE -

Naperville, IL ? The Senate passed a new postal reform bill earlier this year, and the president subsequently signed it into law in early April. The Boxes Etc., a shipping center in Naperville, IL, is sharing information about the Postal Service Reform Act to keep their customers informed.

The Postal Service Reform Act was passed by the United States Senate on March 8 of this year with a 79-19 majority. The legislation replaces the obsolete pre-funding rule for retiree health care benefits, combines Medicare and the USPS's retiree health benefits program, and dictates that the USPS has the responsibility of delivering mail six days a week.

According to President Biden at the signing ceremony on the sixth of April, ?With this bill, we're repealing the pre-funding mandate and setting the Postal Service on a more sustainable and stable financial footing. We're guaranteeing that the mail will continue to be delivered six days a week. And the bill increases transparency by requiring the Postal Service to develop an online public dashboard updated weekly with local and national

service performance data. Today, we enshrine in law our recognition that the Postal Service is fundamental to our economy, to our democracy, to our health, and the very sense of who we are as a nation.?
