May 24, 2022 - PRESSADVANTAGE -

Pensacola, FL ? The Senate passed a new postal reform bill in early March, and it was subsequently signed into law by the President in early April. Pack & Ship Business Center Warrington, a shipping store in Pensacola, FL, is providing information on the Postal Service Reform Act to keep their community updated.

On March 8 of this year, the Postal Service Reform Act was approved by the United States Senate with a 79-19 vote. The bill repeals the obsolete pre-funding rule for retiree health care benefits, combines Medicare and the USPS's retiree health benefits program, specifies that the USPS is responsible for delivering mail six days a week, and increases accountability and reporting requirements.

?With this bill, we're repealing the pre-funding mandate and setting the Postal Service on a more sustainable and stable financial footing,? President Biden stated at the signing ceremony on April 6. ?We're guaranteeing that the mail will continue to be delivered six days a week. And the bill increases transparency by requiring the Postal Service to develop an online public dashboard updated weekly with local and national service

performance data. Today, we enshrine in law our recognition that the Postal Service is fundamental to our economy, to our democracy, to our health, and the very sense of who we are as a nation.?
