Fix-It Right Plumbing Focuses on Adelaide with Grand Opening of New Factory

May 24, 2022

Breakwater, Victoria - May 24, 2022 -
Australian plumbing company Fix-It Right Plumbing is opening a new center in Adelaide to grow the company?s commitment to servicing the southern Australian area.

The factory will open in November this year. It will be located at 8/126-132 Frederick Street, Welland. Construction on the new building began in March 2022 and is already well underway.

Having recently expanded into Adelaide, Fix-It Right Plumbing has received a steady outpouring of support and excellent reviews from valued customers in the community. The company looks forward to expanding and servicing the Adelaide community for years to come.

The new expansion is the latest in a series of successes for Fix-It Right Plumbing.

In March 2022, the Australian plumbing service earned an average rating of 4.9 stars across Google, its website, productreview.com, and social media profiles such as Facebook. ?Joseph and the team were extremely easy to deal with,? said customer Matt Verberne. ?Joseph was honest and provided the right

recommendations for us. Cannot recommend these guys enough. A pleasure to deal with.?

Customer Brodie Farrow said, ?The customer service and human interaction is what will be bringing us back. They were patient, responsive and went above and beyond to ensure we were satisfied with the job. Many thanks to Adam and Joe and team for your friendly service!?

Throughout the pandemic, Fix-It Right Plumbing remained focused on delivering top-quality service to customers while upholding the strict and comprehensive regulations needed to keep staff and customers as safe as possible. This consistent attention to detail and high-quality service has allowed Fix-It Right Plumbing to increase brand trust and earn the loyalty of thousands of customers across Australia.

"Jack and Sid attended our place to replace taps in both the kitchen and bathroom,? said customer Steve Barclay. ?They communicated well, arrived on time, provided clear and competitive pricing, and completed the job quickly and efficiently. Will certainly use again and highly recommend.?

The Australian plumbing company aims to provide top-notch assistance to customers, both on-site and online by efficiently responding to every customer comment with appreciation, follow-up check-ins, and answering any remaining questions that a customer might have.

In July 2021, Tradies News named the company as one of Melbourne?s top five plumbing and maintenance companies. In November 2021, Fix-It Right Plumbing expanded into a much larger facility, which now serves as the company?s new headquarters. The new space is twice as big as the previous location, provides more office and factory space, and allows for the expansion of the team and the quality services offered.

The company has successfully persisted and grown through the COVID-19 pandemic and numerous lockdowns. Since 2007, Fix-It Right Plumbing has become one of Australia?s largest and most highly rated plumbing companies. In addition to offering their services as a plumber in Adelaide, the company also serves Canberra, Geelong, the Bayside Suburbs, the Northern Suburbs, Melbourne, the Eastern Suburbs, the Western Suburbs, and the Mornington Peninsula.

Fix-It Right Plumbing can assist with blocked drains, hot water access, burst pipes, leak detection, dripping taps, and gas leaks. The company offers upfront pricing, service from a team of qualified and experienced plumbers, fully stocked service vans, knowledgeable and helpful service, and flexible payment options to help one's home remain functioning and comfortable.
