June 01, 2022 - PRESSADVANTAGE -

WKY Dumpster LLC, a company based in Central City, Kentucky, is happy to announce that they are offering roll off dumpsters for rent for both residential and commercial clients in Central City and in neighboring areas in Western Kentucky. WKY Dumpsters serves Central City, Owensboro, Beaver Dam, Madisonville, Calhoun, Hartford, Greenville, and all neighboring areas. They offer different size dumpsters to allow for different kinds of projects that have different waste disposal needs. And aside from dumpster rental, they also provide junk removal where they do everything, including filling up the dumpsters and then hauling all the trash and junk away. They offer 13 yard and 20 yard roll off dumpsters.

Bobby Arnold from WKY Dumpster LLC says, "If you are looking for a dumpster rental or junk removal for your next project, look no further because Western KY Dumpsters has you covered. We offer different size dumpsters to accommodate different projects so call or book now to secure your dumpster rental. Getting started is simple, here's how it works: select the dumpster size you need, add it to your cart, select your delivery date, provide us with some details, and finally checkout."

They want to point out that dumpster rental in Central City KY and surrounding areas is the most efficient way of clearing away and eliminating any large quantities of debris, junk and waste resulting from a remodeling, clean out, or construction project. The roll off dumpsters available from WKY Dumpster are appropriate for residential cleanups, commercial cleanups, and property clean outs. Residential cleanups include yard debris cleanup, garage clean outs, furniture removal, appliance removal, hot tub removal, and bathroom remodels. Commercial cleanups include office appliance disposal, office furniture disposal, computer recycling and disposals, foreclosure clean outs, property management clean outs, apartment clean outs, and construction site cleanups. Property clean outs include basement clean outs, attic clean outs, estate clean outs, garage clean outs, and storage unit clean outs.

The 13 yard dumpster that is available from WKY Dumpster can contain 13 cubic yards of waste and measures 14 feet in length, 7 feet in width, and 4 feet in height and can contain approximately 6 times that of a pickup truck load. It can be used for relatively small projects, including: repair of a sidewalk or driveway; clean out of a huge room, such as a bedroom, garage, bedroom, attic, or basement; removal of waste and junk from the yard; and various kinds of home renovation projects, such as the installation of kitchen cabinets; removal of carpet, flooring, and walls; and remodeling of a laundry room.

The 20 yard dumpster that is available from WKY Dumpster can hold up to 20 cubic yards of waste and measures 14 feet in length, 7 feet in width, and 6 feet in height, and can accommodate about 8 times that of a pickup truck load. This is often used for home remodeling and construction projects, including yard cleanups, renovation of the master bedroom, kitchen remodeling, garage clean outs, basement clean outs, attic clean outs, and other similar projects.

WKY Dumpster LLC was founded with the goal of providing the highest level of quality, customer service, and experience. They are a locally operated and owned company, which allows them to offer the best possible dumpster rental services at competitive rates as a result of their familiarity with the area. They offer dumpster rental and junk removal services to both residential and commercial clients in Central City, Owensboro, Madisonville, Greenville, Beaver Dam, Hartford, Calhoun, Bremen, Dawson Springs, Drakesboro, and all neighboring areas. For project sites located beyond the indicated service area, WKY Dumpster can still provide dumpster rental although extra fees may be charged depending how far the location is from the area.
