

Top-Rated Party Rentals Available At Lakeland Moonwalk

June 01, 2022

June 01, 2022 - PRESSADVANTAGE -

FL based Lakeland Moonwalk is pleased to inform the Lakeland community that their full range of attractive party rentals and inflatables is now available for order. Their rentals are well known for providing hours of fun to children and young adults alike, and the company is gearing up for a rush of orders as summer approaches. Those who already have events planned in the coming weeks are advised to make their bookings today to ensure they get the right rentals for their event. Get started here: <https://lakelandmoonwalk.com/>.

Lakeland Moonwalk offers customer access to the classic bounce houses and rentals they have loved for years, but they also have a range of state-of-the-art rides, slides, interactives and more that are sure to satisfy even the most demanding party. All of these rentals are open for booking right now, and there is virtually no limit to what a customer can order (save for practical concerns, such as budget and space).

Bounces houses, for instance, have been a recognizable feature at parties for decades, and Lakeland

Moonwalk's options come in all manner of sizes, shapes and themes (as do most of their rentals). For instance, many are likely to instantly feel a connection with the company's Magic Castle bounce house, a staple from everyone's childhood. However, more quirky options are available too, such as the appropriately named Pumpkin Bounce and the Digger Monster Truck bounce house. While pictures and accompanying information are included with each listing, the company encourages customers to reach out to their team for more through specifications and other pertinent details. Learn more here: <https://www.facebook.com/lakelandmoonwalk/>.

As S. Duncan says in their Google review, "I rented lawn games from them, and they were perfect for my event! It was a reasonable price, and I was able to keep it for a long time with almost no change in price. I loved the variety of lawn games they had available, such as Giant Connect 4, Giant Jenga, Cornhole and more. Be sure to use them for any future game night or party you may have in the future!?"

The company acknowledges that some children will want a rental that offers a greater sense of adventure at their party. There are many options that can satisfy this demand as well, and the 24ft 3-Climber Rockwall is an excellent example of this. A highly popular item among party guests, Lakeland Moonwalk says it can often prove difficult to keep participants of all ages from giving it their best shot. As the name suggests, the rock wall can support around three climbers per session, and it has been carefully designed to accommodate all skill levels. As such, a child making their first climb is just as likely to enjoy it as an older teenager who regularly climbs as a hobby.

Lakeland Moonwalk reminds their community that they have many options that heavily involve water, from inflatable slides (and combos) to interactives and competitions. A quick visit to the company's website will immediately expose customers to some of their largest and most popular options. The company adds that their team will show up on time, set up the rental in question before the event begins and then return to pack it all up once more after the rental period is concluded (many rentals can be extended for a fee). All rentals are cleaned thoroughly upon retrieval and inspected for defects, so the company can guarantee both a clean and safe experience every time.

Another customer, J. Delaney, says, "Lakeland Moonwalk did an awesome job with our event! From the initial contact through the delivery and pickup of the chairs, screen, and projector, they were prompt and professional. They even dealt with a "user-error" on our end when we couldn't figure out how to get the projector working - one quick telephone call solved that problem. Looking forward to future events where Lakeland Moonwalk can help out." See more here: <https://g.page/lakelandmoonwalk?share>.
