One of the available paint lines at Pigment Paint Supply is Mythic Paint. This is a non-toxic paint that offers premium paint characteristics without the volatile organic compounds (VOCs), off-gassing, and toxins that can cause cancer. There are more than 1,200 colors available for Mythic paints.

Homeowners need to know that most paints are off-gassing and toxic, which means that they can cause cancer. It is not only the fumes from most paints that can be carcinogenic but also the VOCs that are released when the paint dries. That is why Pigment Paint Supply offers non-toxic paint, such as Mythic paints. Pigment Paint Supply offers Mythic Paint in-store and also offers some varieties online, such as: Mythic Paint - All Purpose Primer; Mythic Paint - Black Label Interior Ultra Low VOC Paint; Mythic Paint - Classic Interior Latex Low Odor Paint; and Mythic Paint - Classic Exterior Latex Low Odor Paint.

Pigment Paint Supply also offers Farrell-Calhoun Paint. Farrell-Calhoun is a paint manufacturer that always ensures to use only the best raw materials available. This has been proven by a blind test conducted by DuPont, which revealed that the Farrell-Calhoun 300 line outperformed all regional and national brands. Pigment Paint Supply offers Farrell-Calhoun Paint in-store only.

Also available from Pigment Paint Supply is Good Bones Furniture Paint. This paint has been specially formulated for furniture and has a highly durable finish. Furthermore, it can be buffed to provide a satin sheen and there?s no need for priming, sanding, or sealing. It has superior coverage, zero VOC, and a high-quality ultra-matte finish. Pigment Paint Supply offers Good Bones Paint in-store and also online.
