

Dr. Mark Hickman Is Offering The Vasectomy Reversal Procedure In Two Affordable Cost Options

June 07, 2022

New Braunfels, TX - June 07, 2022 - PRESSADVANTAGE -

Dr. Mark Hickman from Microsurgical Vasectomy Reversals in New Braunfels, Texas, is helping men, who regret having gone under the knife as part of a family planning initiative, get back the choice to have children again.

Dr. Hickman talks about the benefits of vasectomy reversal surgery by saying, "I firmly believe that God did not intend for men to undergo the vasectomy procedure. It is an invasive, unnatural operation that goes against the divine design that dictates human sexuality and fertility. I have talked to countless men who felt that, following the procedure, their self-esteem was inadequate to meet the challenges of married life. Some even complained of increased sensitivity and chronic pain in their genitalia. Some, who have taken the word of God to heart, even confessed to me that they felt like they had committed a sin that they were repenting. My heart goes out to every man who has had to face these conflicting feelings. I've thus made it my life's mission to fix these broken souls and give them back the confidence that they need to feel whole again. Over my 26-year career, I've helped perform over 1300 vasectomy reversals and have brought the joy of fatherhood to those who had gone astray. The relief and gratitude that they feel and express after having been restored to full fertility is the very thing that drives me to continue my mission every single day. If you

have undergone a vasectomy and are having second thoughts, I urge you to call Microsurgical Vasectomy Reversals today.?

Dr. Hickman's vasectomy reversal ministry services form a major part of his mission which is heavily influenced by his faith. He is an active member of his church and is also passionate about the Men's ACTS Retreat Ministry which has impacted more than a million lives worldwide since its first retreat in 1987. He also currently serves on the Apostolate Board for the North American Province of the Missionaries of the Holy Family and the Board of Directors of The Institute for Public Education, Health, and Research.

One of Dr. Hickman's patients who shares his belief in God updated him about his recovery following a vasectomy reversal in a testimonial by saying, "Like many men in this world, I made the grave mistake of eliminating God's gift of creation through a vasectomy. That was roughly 23 years ago. My heart told me it was wrong at the time, and I suffered the consequences of sterility in many different ways. When my wife and I decided it was time to put things back into God's hands, we turned to Dr. Mark Hickman in New Braunfels, TX. Although we reside in the Denver area, we could see that a trip to TX was the work of the Holy Spirit. We were at complete peace before, during, and after the procedure thanks to the spirituality of Dr. Hickman and his staff. Although there are no real statistics for success regarding a reversal after so many years, the odds were not in our favor; however, the procedure went well, and the good Lord has blessed us with another pregnancy! After 52 years of life, over 23 years of sterility, and 4 children from my younger days, I'm thankful both for God's blessings in our lives and for His blessings in the steady hands and talents of Dr. Hickman and his staff!?"

Dr. Hickman offers two all-inclusive affordable vasectomy reversal cost options. The \$3,300 offer includes local anesthesia and an oral sedative. The \$4,200 offer is performed under IV sedation and is administered by a Board-Certified Anesthesiologist. Both microsurgical options are all-inclusive with no hidden fees. The clinic is currently also charging a non-refundable deposit of \$800 to counteract a slew of last-minute cancellations.

The New Braunfels vasectomy reversal clinic can be contacted at the phone number (830) 660-0600. It is located at 598 N Union Ave # 200, New Braunfels, TX 78130.
