Those choosing to rent a dumpster in Lafayette are not always contractors and large construction companies, and a large number of customers can be homeowners or small business owners. As many of these individuals have quickly discovered, a dumpster rental is the best solution for those who want to get rid of a lot of garbage quickly (and affordably) without having to drive to a local dump, landfill or transfer station in Lafayette. The company offers several sizes of roll-off dumpsters, and their flat rates keep costs low and predictable.

A wide range of dumpsters are available, based on the purpose they are designed to serve. The company offers 10-yard, 15-yard, 20-yard, 30-yard and 40-yard dumpsters for construction and demolition as well as mixed waste loading. They also offer a 14-yard concrete dumpster, 14-yard dirt dumpster and 14-yard

shingles dumpster. All these rentals can be obtained for two weeks for the base price (with the company charging $15 per additional day of rental). The weight included in the base price varies for each dumpster, and customers can clarify with the company?s representatives to see which would be best suited for their needs.

Customers who are renting a dumpster in Lafayette and the surrounding areas for the first time will find that the team can provide them with helpful dumpster rental tips ? along with information on the available rentals, including dumpster sizes, dumpster rental prices and any other information they may need to know. As an example, the company?s 10-yard dumpster can accommodate a small household, garage, or attic cleanout, and is rented out for $250 for a construction load or $350 for a mixed waste load. The company?s 15-yard dumpster, which can be used by homeowners for yard debris, is rented out for $275 for a construction load or $375 for a mixed waste load. The 20-yard dumpster, which is best suited for a large household that is moving or in the process of renovating, can be rented out for $325 for a construction load or $425 for a mixed waste load. The 30-yard dumpster, generally used by many contractors, roofers for a one-day job, can be rented out for $400 for a construction load or $525 for a mixed waste load.
