June 14, 2022 - PRESSADVANTAGE -

Jake Sweeney Used Car Superstore, a leading used car dealership in Cincinnati, OH, is happy to announce that they are also offering used car finance assistance in Cincinnati and surrounding areas. Those who are planning to buy a used car and need some financial assistance may now quickly pre-qualify through an online form on their website. This used car dealership, which has been chosen by Citybeat as the best new and used car dealership in Cincinnati, offers a wide range of used cars and trucks to choose from.

One factor that makes them popular is that they offer a range of options to their Cincinnati customers who are interested in financing a used car, including those who are credit challenged. That is why they also offer their Smart Credit program, which has a separate inventory of vehicles that are appropriate for credit-challenged buyers. These vehicles comply with the same standards as every other car in their inventory, but they have been specially chosen.

They suggest that buyers who want to use car finance bring with them certain documents to facilitate the processing of their application. These documents include: proof of income; proof of residence; and their story about what happened that resulted in their low credit score. The bottom line is that they are ready to help

even those who are credit challenged and want to buy a vehicle. To make the process easier, buyers are requested to bring the mentioned documents to their Cincinnati used car finance center.

Meanwhile, they want to emphasize that certified pre-owned vehicles come with uncompromised manufacturer's standards, thus giving buyers peace of mind that their used car purchase is protected. Jake Sweeney Used Car Superstore offers Cincinnati shoppers a wide range of different certified brands. Although each manufacturer has a different set of criteria on which vehicles qualify as a certified vehicle, there are a number of benefits that come with owning a certified car: manufacturer-backed warranty; a rigorous multi-point inspection; a vehicle history report; roadside assistance; and other certification processes.

Some of the certified brands they are offering in Cincinnati, include: used Chrysler, used Mazda, used Ram, used BMW, used KIA, used Chevrolet, used Dodge, and used Jeep. Examples of used Chrysler cars available are the: 2019 Chrysler 300 Limited Sedan; 2019 Chrysler Pacifica Limited Van Passenger Van; 2019 Chrysler 300 Touring Sedan; 2020 Chrysler Pacifica Limited Van Passenger Van; and more.
