June 22, 2022

Lincolnton, North Carolina - June 22, 2022 -
Drum's Discount Dumpsters from Lincolnton, North Carolina, has been recognized for outstanding leadership in the dumpster rental and waste disposal industry.

The recognition was specifically bestowed on Geoffrey Drum, the founder of the Lincolnton dumpster rental company, by the leadership team behind Waste & Recycling Workers Week, a 501©(3) nonprofit organization that is dedicated to lifting and celebrating the men and women of the waste and recycling industry. On its website, where the commendation was announced, the nonprofit added a note acknowledging Geoffrey?s contribution to the waste disposal industry in North Carolina by saying, ?Waste and Recycling Workers Week would like to say, "Thank you!" for the excellent leadership you've given for the men and women in the waste industry. Through your support, we have been able to reach new heights.?

Geoffrey Drum responded to the acclaim from Waste & Recycling Workers Week by saying, ?This feather in my cap is my proudest professional achievement to date. I?m thankful that such a well-established

and prestigious nonprofit that has so much influence on the industry took its time to acknowledge the work that we are doing here in North Carolina. Waste management can often be a thankless job as it is something that individuals and businesses want to just be magically taken care of without them having to think about the logistics behind it. The men and women who work hard to ensure that the pristine landscape of this beautiful nation is preserved, often go without a pat on the back. They need to be let know that their work is appreciated. I?m grateful that Waste & Recycling Workers Week has picked up the mantle in this regard. I want to thank everyone here at Drum?s Discount Dumpsters because even though the recognition from the nonprofit is for leadership, I would be handicapped without the dedicated efforts of my loyal and industrious team members.
