Nicosia, Cyprus: Blending the qualities of a luxury spa with the warmth of a home, NewMe Spa has quickly become one of Nicosia's most-loved local beauty salons. This spa is a haven for people seeking for beauty enhancement treatments and pure relaxation in Cyprus' capital. Guests can enjoy various beauty services, including facial treatments, body treatments and massages.

In 2015, the journey toward building NewMe Spa began in a small room of a shared co-working space. The team's goal was to eventually grow and create a team of the best beauty therapists in Cyprus, who would altogether help fulfil the spa's vision. The spa now caters to the ever-changing skin and body needs of both men and women who want to look and feel at their best.

The peaceful surroundings and welcoming atmosphere enhance the overall opulent experience. The salon's design was inspired by a minimalist philosophy. Clean lines, natural materials, and soft lighting create an ultimately relaxing space. The facilities feature a dedicated reception area, 5-room massage suite, hair salon,

and nail studio.

What differentiates NewMe Spa from other beauty & massage centres in Cyprus is the focus on providing an exceptional, customised experience for every guest. This commitment to excellence, in terms of treatment quality and customer service, has resulted in a long list of satisfied customers, many of whom have become regulars at the salon.

The medical aesthetic treatments, provided by highly experienced beauty professionals, are the latest addition to the NewMe Spa beauty service offering. From microneedling sessions to face and body radio-frequency treatments, NewMe Spa is the perfect place for all your beauty needs.
