June 20, 2022 - PRESSADVANTAGE -

TX based Keyroo would like to reach out to Dallas homeowners who may be looking to sell their homes fast for whatever reason. The company offers cash for homes throughout the area and provides a quick and easy way to get rid of unwanted properties while still getting a good price for them. Selling a house through the usual means is usually a long and involved process, but with Keyroo, selling a house is as straightforward as making a call, getting an offer and then getting paid. The company's website can be found here: <https://mykeyroo.com/>.

"Sell your home quickly without a realtor," Keyroo says. "One of the major drawbacks of hiring a realtor to sell your home is that they are not cheap. Realtors don't charge you upfront; instead, they will start by listing everything you need to do with the home so that it is easier to sell for the price you're asking. Once all of that is complete, the realtor will start the process of finding a buyer, which can take anywhere from a few months to over a year, depending on the location of the home and its condition. Once the home is sold, the realtor gets a percentage of the amount for which the home was sold as a commission."

Selling through an estate agent also includes closing fees equal to 3% of the selling price, and closing the sale can take up to three months after the buyer accepts the initial offer. It also becomes necessary to spend time and money on repairs in order to make sure that the property is sold for a fair price. Realtors often do up to 30 showings on average, and buyers are rarely ever as certain that they will be able to secure funding for the purchase as a home buyer like Keyroo can. Traditional financing may often fall through as well, which is why cash home buyers are fast becoming one of the most popular options for homeowners looking to sell.

Many also do not know how to come up with a proper price estimate for their home, according to Keyroo. The company says, "Before searching 'Sell My House Fast Dallas,' homeowners often come up with a value for their Dallas Home. During this stage, the price estimate they come up with is often based on how much their neighbor's home sold for. However, few understand the real estate market enough to demand a price that's fair based on the condition of their home and keeping present market conditions in mind. That's why, in our experience, many homes continue to sit on the market for months because most buyers searching for homes in Dallas do their research. If the home is priced higher than fair, most potential buyers will move on." Learn

Homeowners need not worry about pricing their homes when selling to Keyroo, however. As soon as they make contact, Keyroo provides an offer based on the condition of the home, where it is located and other factors within hours. The Keyroo team has years of experience in the real estate industry, and it is this experience that allows Keyroo to judge the value of a property quickly and accurately, ultimately coming up with an offer within a very short period. These offers are not one-time offers, and homeowners are free to consider them at length. Every sale is fair, and Keyroo pays cash. There are no extra clauses or caveats, and it is, for many, the fastest way to sell a house.

A number of homeowners are apprehensive about cash home buyers in Dallas and for good reason. Many make promises then fail to follow through with their promise to pay cash once they have purchased the house. There are often many strings attached to their offer, and homeowners may only become aware of said "ifs" and "buts" once the sale is made. Keyroo strives to be different, and they place a great deal of emphasis on being fair, reliable and transparent.

To set any concerns to rest, Keyroo encourages their community to look up testimonials and feedback from the company's previous customers. Some examples of this can be found here: https://www.google.com/maps?cid=5801185382014559903&hl=en&_ga=2.198002471.962122791.1655135933-572073194.1652292145. Alternatively, homeowners may contact the company directly to follow up on any further inquiries or request a cash offer for their home.
