

Garland Roofing Company Shares Insight On Their Services

June 20, 2022

June 20, 2022 - PRESSADVANTAGE -

Garland, Texas based Mighty Dog Roofing of East DFW is reaching out to the local community to share details regarding the numerous roofing services they provide. The Mighty Dog team has proven themselves among the best roofers in Texas, and they have excelled at roof repair, roof replacement and more for over 20 years in East DFW Texas and around the country.

The company says, "No matter where you live in Texas, the weather can be your roof's worst enemy. Years of sun, wind, rain, snow and hail can wear down your roof, and having a structurally unsound roof is unsafe. You need to take care of your roofs to ensure that you and your loved ones are safe. Sometimes, you can deal with whatever issues you are having with a simple repair, and sometimes you might require a brand new roof installed. Either way, you will want to make sure you are working with a reliable roofing contractor."

Mighty Dog Roofing of East DFW provides a comprehensive range of roofing services, from basic roofing repair to complete roofing replacements and brand new installations. In addition, the company also provides reliable rain gutter services, which also cover installation, maintenance and repair. As a result, customers can easily order sturdy, dependable and aesthetically-pleasing seamless gutter systems. According to Mighty Dog Roofing, their method provides the most cost-effective and sturdy solution, with less opportunity for leaks due to poor maintenance, storm damage or breakage.

They also provide siding installation. Mighty Dog Roofing specifically provides maintenance-free siding which can increase a home's curb appeal while also providing a functional benefit. As the company points out, high winds can wreak havoc on sub-par siding and cause unexpected, expensive repairs to be needed in the future, so avoiding this possibility is ideal. Similarly, they provide window installations, and the team is particularly proud to offer their community energy-efficient windows that can increase a property's value. Old windows may be prone to breaking, but the high-quality windows installed by Mighty Dog of East DFW Texas remain strong and durable for any season.

In addition to residential roofing services, the East DFW roofing company also offers a full range of commercial roofing services to businesses in and near the East DFW Texas area, such as roof inspection, roof repairs, replacement and maintenance. The company's team can tackle commercial roofing projects regardless of their size or scope, and they make it a point to use only top-quality materials in every project.

The company says, "When you work with us, we will have a licensed residential roofing contractor review the options available to you and present you a detailed roofing estimate as if the property in question is our own. This helps us maintain a strict standard of honesty and integrity during our detailed inspections, which homeowners love and have now come to expect from the Mighty Dog team. We take pride in our quality materials and our customer service-focused Mighty Dog Team Members, especially for their attention to detail, compassion and so on. You can rest assured that we will take care of it all."

The services provided by Mighty Dog Roofing have earned the company much praise from their customers. In a 5-Star review, David Fitzgerald says that the company provided an, "Excellent service and identified the issue right away. Would recommend Kirk to anyone that needs their roof looked at."

In another Google review shared on the company's website, V. Davis says, "I can't say thank you enough for all the help that was given to me. Very professional, courteous and helpful. They did an amazing job and did a great job with cleaning up. I would highly recommend them."

Throughout his career as a trusted partner to Fortune 500 companies, Kirk DeCardenas of Mighty Dog Roofing has led his teams with integrity and professionalism, underscored with an emphasis on collaboration. His goal now is to be a trusted partner for homeowners as they make decisions to improve and protect their home.
