Anaheim, California - The Lighthouse Treatment Center, a drug and alcohol treatment facility in Anaheim, California, is going to be a part of the Canyon Club's 2nd Annual Rock N? Sober fundraiser. The event will take place on June 25, 2022 at the Canyon Club in Laguna Beach, California. Members of the Lighthouse Alumni Program will attend at the event and will join in the fun.

Peter Davidson, President & COO of the Lighthouse, shared that supporting the event is a testament of Lighthouse Treatment Center's commitment to the local recovery community.

"The Lighthouse Treatment Center is committed to helping those in recovery from addiction connect with the larger recovery community. We support the Canyon Club because it provides a haven for so many people in recovery. This Rock N? Sober fundraiser is a way for us to give back and support the work that they are doing," said Davidson.

The Canyon Club's 2nd Annual Rock N? Sober fundraiser will feature live music, recovery speakers, an art

auction, and delicious food from local contributors.

All of the proceeds from the event will go to support the Canyon Club's efforts to provide a safe and supportive environment for people in recovery from addiction.

Sam, a member of the Lighthouse Alumni Program, shared that he is looking forward to the Rock N' Sober fundraiser.

"The Canyon Club is an important part of my recovery. I have been going to this club since the Lighthouse helped me get sober. I met my recovery community here and it has been a great help until today. It's going to be a great time and it's for a great cause," said Sam.

Brent Walton, President of the Canyon Club, said that the fundraiser is an effort to continue to support the club and its mission.

"The Canyon Club means so much to so many people. The club attracts people from all walks of life, each with the common purpose of recovery. We need continued support to keep the doors to the club open and available to all. Last year's Rock N' Sober concert was top-notch fun! And we are positive that this year's event will be even better," said Walton.
