

Pembroke Pines EPS Landscaping & Tree Service Continues to Get Rave Reviews

July 01, 2022

Pembroke Pines, Florida - July 01, 2022 - PRESSADVANTAGE -

EPS Landscaping & Tree Service LLC is a Broward County, Florida contractor that has established a solid reputation as one of the Pembroke Pines area's premier landscaping and tree professionals. Part of the company's appeal is that it offers a wide selection of lawncare, tree, and landscape design services, all of which have been very well reviewed by those that have contracted with them to do landscaping and tree work.

EPS Landscaping & Tree Service is co-owned by Greg O'Connell and his wife Jessica, so it's a family run business that emphasizes not only providing quality tree and landscaping services but also going the extra mile to ensure that each customer has a well-rounded service experience when working with them. That level of commitment to doing tree and landscaping services the right way has led to many reviews like the following being written on the company's services. D. Soto stated, "Best landscaping company I have ever come across - hands down! The owners are extremely responsive and have the best customer service - really the best I have ever experienced!! If you are looking for a landscaping company these folks, are it! Thank you, Greg and Jessica, for such wonderful service week after week. It truly is a pleasure doing business with you guys!?"

Greg talked about how when they first started the business they concentrated mainly on tree work, landscaping maintenance, and used the couples experience in landscaping design as the foundation of their business. They also hired some of the areas most experienced landscaping and tree professionals to make sure that they completed all their work in a highly satisfactory manner. As time went on they adapted their services to encompass even a wider variety of tree and landscaping needs that customers in and around the Pembroke Pines area of Florida requested. Now the company is known for being excellent at doing such difficult tasks as palm tree trimming and tree relocation. Gina Maria Marin's glowing review had this to say about EPS's palm tree trimming services as she wrote, "I called EPS Landscaping and Tree Service to trim my palms ahead of the last tropical storm. Not only do my palms look fantastic, but I also didn't have to be out after the storm picking anything up from my yard. The team was knowledgeable and courteous, and customer service is exceptional. Greg and Jessica will take care of you the right way!"

The company co-owner says that they will continue to offer many basic landscaping and tree services such as lawn mowing, tree trimming, and irrigation installation but will also offer some other landscaping and tree services which many other companies in their area of Southeastern Florida don't. Customer Cheyn Bartels made this statement about the work EPS Landscaping & Tree Service LLC on some garden beds that needed a major overhaul. Bartels proclaimed, "I had a great experience with EPS. We called for an estimate and not only did they answer the phone immediately, but they also came out within 2 hours for a quote. By week's end my garden beds were refreshed and looking awesome again! Thank you, Greg and Jessica, for your prompt service and reasonable pricing. Greg says that he, Jessica, and their crews also realize that the little things matter when it comes to the type of business they are in. That's why they will even do such things as trying to accommodate any last-minute landscaping and tree service requests whenever possible. A fact that is backed up by this 5-star review from Vanessa Urrea that mentioned, "Jessica was the best to be in business with! Called her last minute to get some landscaping jobs done and her team did amazing! Everything looked great and I love how efficient they were. Wouldn't work with anyone else. Look forward to working with EPS landscaping on all my landscaping needs."

Greg stated that they are also getting more and more requests for their landscape design services as they as they have been satisfying many Broward County customers when it comes to initial landscape designs, hardscaping, tropical look landscapes, and even in the creation of magnificent poolscapes. He mentioned that he or Jessica or always willing to discuss with a customer over the phone or in person any Pembroke Pines Landscaping or tree needs that they have.
